ESTABLISHED 1833 | TUESDAY, MARCH 11, 1890. | PRICE TWO CENTS

GUTTED BY FIRE!

A Big Cincinnati Clothing House is Destroyed--Telegrams From Other Points.

CINCINNATI, Ohio, March 11.—The five story building on the southeast corner of Third and Vine streets, owned and occupied by Stern, Mayer & Co., one of the largest and wealthiest clothing manufacturing firms in this city, was completely gutted by fire early this morning. The loss is estimated at $45,000; insurance, $250,000.

Fireman White, of the 9's, was thrown from a ladder by a falling cornice during the progress of the fire and badly injured. Engine No. 6, while en route to the fire collided with a freight car at Sixth and Baymiller street. The driver, James Sheppard, was thrown from his seat and sustained a fracture of the skull and several bad bruises.

PRESIDENTIAL NOMINATIONS.

WASHINGTON, March 11.—The president sent to the senate to-day the following nominations: Lieut. Col. Wm. Smith, deputy paymaster-general, to be paymaster-general, with the rank of brigadier general; Jos. A. Wood, of New Hampshire, to be consul of the United States at Sherbrooke.

GRAND RAPIDS POSTMASTER.

The president has nominated Geo. G. Briggs as postmaster at Grand Rapids, Mich.

In the senate to-day the credentials of Mr. Allison for his new term were presented and placed.

Mr. Hoar called up the resolution for the exclusion from the Records of the sentences interpolated by Mr. Call in the report of his remarks in the discussion with Chandler a few weeks ago.

During the course of debate Senator Edmunds used words which Senator Daniel, of Virginia, construed to impute the crime of murder to Senator Eutis, of Louisiana.

Senator Daniel demanded that the words of Senator Edmunds be taken down. The proceedings were then suspended to allow the stenographer to write out the objectionable words.

OTHER TELEGRAMS.

HASTINGS, Neb., March 11.—At an early hour yesterday morning, ten miles east of here, on the Burlington and Missouri, two freight trains collided, killing and cremating Grant Norton, conductor, and Miller, brakeman. Several cars were also burned. Intense darkness and a fog are the causes assigned.

MARSHALLTOWN, Iowa, March 11.—The employes in the machine shops of the Iowa Central road struck Sunday, because the officials refused to longer allow price and a half for extra work nights and Sundays. A few apprentices went to work yesterday, but the great majority refused to work and were paid off.

DENVER, Col., March 11.—Charles H. Rae, a notorious pension forger, was arrested here yesterday by a deputy marshal, at the instance of Special Pension Examiner Anderson, of Chicago. Rae has been going from place to place for ten years forging names of witnesses to a claim for a big pension. His last forgery was in Milwaukee six months ago, and since that time has been eluding a score of officers.

CHICAGO, March 11.—John T. Lester, the well-known millionaire board of trade man, is lying at the point of death.

LONDON, March 11.—The grand international hurdle race at Croydon to-day was won by Waterproof. There were nine starters.

PARIS, March 11.—The cabinet has selected the following named gentlemen to represent France at the Berlin labor conference:

Senators Jules, Simon and Talair, Deputy Burdeau, Inspector of Mines Linderau and M. Dupage, a mechanic.

LONDON, March 11.—The jury in the case of Miss Vincent returned a verdict of not guilty.

CHICAGO, March 11.—The police arrested Joseph Chevalkowksi last night. June 28th, 1887, he shot and killed his father in the woods near Stevens, Minn.

BOSTON, March 11.—Frank H. Tompkins, an artist of high repute, attempted suicide in the streets last night by shooting himself.

BERLIN, March 11.—Prof. Geldemeister, the orientalist, is dead.

MANSFIELD, O., March 11.—Philip Seller, of Loudenville, who was arrested at that place last Saturday, as an accomplice of George M. Deviney, the burglar who was shot and killed by farmer Justin F. Frengle near Crestline, February 16, has made a full and complete confession.

BLOOMINGTON, Ill., March 11.—A mail pouch, which a few nights ago was stolen while being transferred from the Big Four to the Chicago and Alton, was found yesterday in a field near this city.

BERLIN, March 11.—It is semi-officially announced that the new reichstag will be convened on April 15.

CONSTANTINOPLE, March 11.—A terrific encounter between Turkish troops and a band of brigands has taken place. The latter were defeated.

AUBURN, N. Y., March 11.—The children of the Cayuga orphan asylum are suffering from an epidemic of measles and whooping cough.

EAU CLAIRE, Wis., March 11.—Will Deedley, a young man of eighteen, son of the pastor of the First Congregational church, was outrageously hazed by ten young ruffians yesterday, at the Washington high school.

NEW YORK, March 11.—The Western Union executive committee met to-day and recommended the usual quarterly dividend of 1½ per cent., to be declared by the directors to-morrow.

A BOLD ROBBERY.

A Tray of Diamonds Stolen From a Store Window.

DALLAS, Texas, March 11.—One of the boldest robberies that ever occurred in this state took place last night at 9:30 o'clock, at 68 Main street, in the very heart of the city.

Doman & Samuels are jewelers, and keep a magnificent display of costly goods behind the plate glass of their large show window. Within and without are electric lights, and the neighborhood is kept almost as light as day.

While Mr. Doman was waiting on a customer he heard a crash at the window and turned his eyes barely in time to see a tray of valuable diamond rings disappear. He ran out in an instant, but the thief had disappeared up the stairway at the side of the store.

The break was made with a rock weighing twenty pounds, wrapped in paper. The tray contained forty-two diamond rings valued at about $5,000. The man was a slender white man about five feet eight inches high, without whiskers, and wore a black suit and light colored hat. After he ran up the stairs in front he was seen to descend to the street in the rear and go out through the alley. The sheriff and other officials with trained blood hounds, are now on his trail.

THE DEAD MINERS.

It is Believed That None of the Entombed Men Are Alive.

LONDON, March 11.—The latest news from the Morsa mine disaster is that four of the entombed men succeeded in in crawling through a crevice between the roof of the mine and the debris. They report that they passed over heaps of dead miners and expressed the belief that none of the entombed men are alive.

The Weather.

WASHINGTON, March 11.—For Indiana—Rain, warmer weather to-day, followed by clearing weather, northeasterly winds, and much colder on Wedesday.

AT the breakfast to Amelia B. Edwards, in Boston, Lucy Stone told how, in the days when women first began to speak in public, one bitter night in a new England town the windows were opened from the outside and a stream of ice-cold water was turned upon her, but this did not daunt her nor stop her speech. Once a pistol was fired at Anna Dickinson on the stage and the ball cut off a lock of her hair, but she did not flinch a hair's-breadth. There were heroes in those days and there were women.

THE Khedive is much in love with his wife, who wears a modern costume, while their children dress like Americans. The Khediveh, as she is called, has her harem, or women servants by scores. She is accompanied whenever she goes out to ride or drive by some of her numerous eunuchs, and she keeps up a big establishment separate from that of the King. Their love for each other and the example of the Khedive in having but one wife is catching, and many of the older noble Arab gentlemen are following it.

MRS. KATE CHASE, presiding over her little family of young girls at Edgehill, near Washington, may not appear so brilliant, but she is certainly more interesting than when she was the gayest and most fascinating leader of Washington society. She was ambitious of presiding over the White House, not that she ever expected her husband to be President of the United States, but she thought it possible that her father's political career might fitly terminate by being elected to the highest position in the gift of the American people.

THERE is said to be a large band of wild horses, led by a thoroughbred known to the stockmen as the "Outlaw Stud," ranging between Truckee, Nevada County, and Peavine, Nev., says the Grass Valley *Tidings*. Years ago the stud, a fine racer, escaped to the mountains, and has since defied capture. By desperate riding stockmen manage to get into the band every year and drive out the colts. The horses range on the highest peaks, beyond where cattle or sheep often go. They only go to water once a day, and then in single file down the mountain trail as fast as they can run. They go back at their leisure.

NELLIE AND HATTIE COOK, aged 14 and 16 years respectively, daughters of Lyman Cook, of Smith County, Kansas, husked 1,000 bushels of corn for their father last fall, for which he paid $25, having agreed to pay them 2½ cents a bushel for all they would husk.

WILL BE A FLOOD!

Great Damage, and Possibly Loss of Life, Looked for in the Country Along the Mississippi River.

ST. LOUIS, March 11.—There is going to be a flood, and a very serious one, in the country along the lower Mississippi. There will be great loss of property and probably loss of life. The Ohio and all its tributaries are very high, the upper Mississippi and Missouri are high and rising here and above, and rain has been falling here and in the northwest. The snowfall in the mountains has been very heavy and the mild winter makes it a certainty that this snow will melt early.

The situation about Cairo has been growing more serious daily and may be said to have reached a crisis. The country for miles is under water and hundreds of people whose homes are in the bottom lands have sought refuge in the high lands.

Hundreds of farms in Missouri, Illinois and Kentucky are completely submurged. In many cases families are living in boathouses or rafts, while in other instances people whose houses are on slight elevations stick to them with water all around. There has been great loss of live stock, but no human lives have yet been lost. More than half of the city of Cairo is submurged, and business is paralyzed, the only means of communication being by boats.

The levees in the vicinity will stand the strain, but the water backs up in the rear part of the city, as it were. Great efforts and thousands of dollars have been spent in the levees along the lower Mississippi and the boards of the contractors made the people believe they were safe. There certainly has been good work done, but a chain is only known by its weakest link. The people here were aroused to a knowlege of this fact by the breaking of the levee near the town of Arkansas City, where the embankment was built almost wholly of sand.

When the water once got through there seemed to be no stopping it, and within twenty-four hours there was a crevice sixty feet wide, and rapidly widening. This break lets the water in one of the richest sections in the world, and, according to the news received last night, the whole of four parishes, comprising the Texas basin in Louisiana, will be inundated. Every man capable of handling a shovel has been pressed into service, and an army is at work, but with scant hope of accomplishing much.

DENVER, March 11.—A very heavy snow was in progress last night, and it bids fair to be the worst of the season. Advices from the mountains are to the effect that the storm is general. The Rio Grande has been working all available men on Cumbers mountain for the last three weeks in clearing the line to San Juan, and would have had the road open in a day or two, but this storm will undo all their work. Eighteen inches is Aspen's record for the past twenty-four hours and four feet has allen in South Park.

THEY MEAN BUSINESS.

A Petition From the Business Men to the Council.

If good, hard work will accomplish any good results the council will to-night pass an ordinance compelling the taking out of a license by temporary business concerns whose business is to travel from town to town to sell "bankrupt" stocks. This license will be $25 or more. The meeting at the Business Men's exchange yesterday resulted in the appointment of a committee of five to present the matter properly before the council. The committee is as follows: H. C. Graffe, Dennis Monahan, A. S. Lauferty, Geo. W. Pixley, and H. P. Vordermark. A committee consisting of J. B. Monning, Otto Gross, and Charles Read were securing signatures to-day for a petition to the council to act in the matter.

Brotherhood Base Ballists.

CLEVELAND, March 11.—The brotherhood meeting was called to order at 10 o'clock this morning, all the clubs being represented. The schedule will be considered this afternoon, and Dunlap's case will also be settled to-day. He will be retained at his last year's salary. Among the arrivals to-day are Fred Carroll, John Tener, Ed. Hanlon, George Gore, Nick Engel, Judge Bacon and Colonel McAlpin.

Victor Thraur, manager of the Aamold-Werner concert company, has closed a contract with the City Y. M. C. A. for that attraction at the association hall on Friday evening. Herr August Aamold is a Norwegian violinist of prominence and Oscar Werner is a celebrated American pianist. Both are whiling away a few weeks previous to entering upon an engagement for Knabe, the piano manufacturer.

THERE are 686 periodical publications in Russia. Seventy-eight of them are political and news dailies, 109 are scientific, 86 religious, 15 artistic, 33 agricultural, 82 statistical and bibliographical, 15 pedagogic, 13 for children, and the rest miscellaneous.

TAULBEE IS DEAD!

The Ex-Congressman Expires From the Effects of the Bullet Wound Inflicted by Correspondent Kincaid.

WASHINGTON, March 11.—William Preston Taulbee, a representative in congress from the Tenth Kentucky district in the Forty-ninth and Fiftieth congresses, who was shot in an altercation with Charles E. Kincaid, the Washington correspondent of the Louisville Times, in the house wing of the capitol on the afternoon of February 28th, died this morning, at 5 o'clock, at Providence hospital.

His death has been expected for several days, but while there was still a chance for his life, the physicians thought it advisable not to permit him to make an ante-mortem statement of the circumstances surrounding the shooting. He died, therefore, without making any statement, and the case against Kincaid will rest entirely on the testimony of himself and two eye witnesses of the tragedy.

One of these eye witnesses was Samuel Donaldson, of Tennessee, formerly doorkeeper of the house of representatives, who has refused to make any statement for publication. Donaldson was with Taulbee at the time the shooting occurred. The other witness was a boy who cannot be found.

The stories of the shooting differ in one important particular. Kincaid and Taulbee had had an encounter some time previous to the shooting in the corridor adjoining the hall of the house of representatives on the east.

It was said just after the shooting took place that Kincaid had armed himself, after the first encounter with Taulbee, and, seeing him going down the stairs that lead to the basement, had run after him, called to him, and, as he turned, he shot him in the face. Kincaid claims that he armed himself in fear of danger from a further encounter with Taulbee; that Taulbee had warned him to arm himself, and that Taulbee insulted and attacked him on their second encounter, rendering, in his opinion, resort to the pistol a necessity.

The theory of selfdefense will be set up by Kincaid's lawyers. As soon as the news of Taulbee's death reached police headquarters an officer was sent to Kincaid's room, he was awakened, and after he had dressed, was taken to the police station where he now is.

WILL GO WEST.

A Popular Fort Wayne Firm to Retire from Business and Go to California.

The announcement that Redlick Bros., the well-known and popular shoe dealers of this city, have decided to quit business and move to Anaheim, California, will be a genuine surprise and a regret to their many friends in Fort Wayne.

The young men have conducted the shoe store which bears their name for several years past, and their square dealing and business methods have built up a trade in that line that was second to none in the city. They were favorites not only in business, but in social circles, and they will be missed greatly, for they combined with their business qualifications a pleasant social manner that made them friends among all classes of citizens. THE SENTINEL, while regretting to see the young men leave the city, can, however, join with their friends in wishing them unbounded prosperity in their western home.

The Anaheim (Cal.,) Gazette has the following notice concerning the gentlemen and their new enterprise:

Mr. Henry Redlick, of Centralia, is making arrangements to engage in the commission business. Redlick Bros., now in the shoe business at Fort Wayne, Ind., are expected to join him here shrotly, and the business will be conducted on a large scale. They will handle nuts, fruits, and all California products, which they will ship direct to eastern markets.

A LAUNDRY BLAZE.

The Little Chemical Fire Engine Pressed Into Service.

This morning a fire started between the ceiling and the roof of the Summit City laundry at the corner of Superior and Plum streets. The smoke rolled out in dense volumes from the two-story building and owing to the heavy atmosphere, it was stifling throughout the neighborhood.

The little chemical engine was found to be sufficient to extinguish the blaze. The loss will amount to about $200. Insured.

The building is owned by Mrs. Wood and the laundry is operated by the firm of Fisher & Harr.

Messrs. August Arnold and Oscar Werner, the violinist and pianist, will give a private recital before the classes of the Central Grammar school on Thursday afternoon.

Mr. A. C. Probasco, ex-secretary of the gas works, who is now at the City hospital, is worse to-day. He is delirious all of the time and recognizes none of his friends or relatives. The best of attendance has been secured for him.

The county commissioners to-day visited the jail and St. Joe hospital. To-morrow they expect to visit the City hospital. At the jail they found that improvements had been made as recommended by the grand jury, in the placing of new locks, etc.

James Black makes the remarkable request of the county commissioners for $10 with which to start into business. He is now being cared for by the county, and says that should the commissioners grant him the request he will try and be independent hereafter.

A SQUIRREL was killed recently on its way from a grain field in San Joaquin County, California, and on examination of its pouches they were found to contain 819 grains of wheat, which go to show how much damage a few of those animals can do.

A $10,000 LEG.

John P. Friedline Sues the Pennsylvania Company--New Suits Filed--Court News.

To-day John P. Friedline, through his attorneys, L. M. and Harry Ninde, entered suit in the circuit court against the Pennsylvania company for $10,000 damages.

The plaintiff alleges in the complaint that early last September he returned by defendant company's cars from Columbus, Ohio, and that owing to the neglect of the company's servants to properly display lights at the station of Monroeville, this county, he jumped and fell under the moving train. The wheels severed his leg and otherwise injured him. Mr. Friedline is a resident of Monroeville.

COURT NEWS.

James B. White enters suit in the superior court against Mary Stevens, William Moellering and Anna Moellering; complaint, to foreclose mortgage and quiet title and to recover $500. L. M. & Harry Ninde are attorneys for the plaintiff.

Emily Gangwer was to-day granted a divorce from James Gangwer, on the ground of abandonment. The plaintiff was also granted custody of her nine-year-old daughter, Stella. The defendant is at Rising Sun, Ohio, and did not appear. A. H. Bittinger was attorney for the plaintiff.

Russell & Co. enter suit against Geo. Plagey et al. in the superior court; complaint, on note and mortgages. R. Lowry is attorney for the plaintiffs.

Chas. E. Orff has qualified as administrator of the estate of Mathew Wilson, deceased.

Chas. Langley was arraigned before 'Squire Scarlett this afternoon, on a charge of assault and battery on Chas. Taylor. Langley pleaded guilty and was fined.

The case of Faulkner vs. Notestine is up before a jury in the Superior court to-day. The suit involves alleged wages due.

LOSES HIS HAND.

Fred Dandler's Carelessness May Cost Him His Life.

This afternoon, at the City hospital, Frederick Dandler had his left hand amputated, the operation being performed by Dr. Carl Proegler.

About four months ago the hand in question was injured while he was laying natural gas mains for the Salimonie company. He did not call the services of a physician, and finally gangrene set in.

This morning Mr. Dandler had the member examined for the first time, and the physician advised him to undergo amputation at once. There may be more serious results.

Dandler lives with his wife at 281 East Washington street.

A USEFUL INVENTION.

An Article of Household Utility That Will Spring Into Popular Favor.

Mr. M. J. Page, general agent of the Arcadia Manufacturing company of Newark, N. J., is in the city, securing agents and disposing of territory for an invention of household utility that is really a magnificent machine and a great labor saver. It is called a "Combination Slicer" and is used for many purposes, among which may be enumerated the slicing of bread, potatoes, oranges, tomatoes and radishes for table use, pine apples, cutting cabbage for cold slaw or sauer kraut, slicing dried beef and many other purposes too numerous to mention, and that, too, with less labor, less care and much smaller loss and renders the food far better in quality and much more attractive in appearance.

It is an invention that will spring into popular favor and will sell readily for its value as a labor saver suggests itself to every housewife.

Mr. Page is showing the machine today at No. 15, West Main street, but after to-day will have his headquarters at the Rich hotel, where persons desiring to secure territory can see him.

A SENTINEL reporter saw the invention operated this morning. It is simple in construction and any child can work it. The parties securing the control of the "combination slicer" in this vicinity will have a money making business.

CRIMINAL CASES.

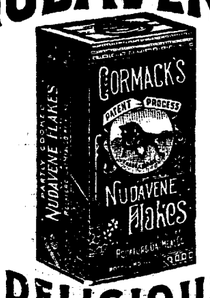

Two More Youthful Burglars--Daily and Barrell To Be Arraigned.

Last night the police effected the arrest of Tommy King and Johnnie McNally, who are supposed to be parties to the burglary at A. Kalbacher's grocery some weeks ago.

It is quite likely that Prosecutor James Robinson will file information against these lads and also against John Daily, Sam Werner and Aaron Barrell, so that they will be sentenced this week. The boys will probably get a jail sentence, while the others stand a fair show of going to the penitentiary.

Colonel Humphrey, proprietor of the Aldine, has been called to Muskegon, Mich., on account of an accident which befell his mother.

THE present rains may be the commencement of our equinoctial storms.

ROBERT LINCOLN says he will not resign his position as American minister to England.

THE Forty-seventh Indiana regiment will hold its next reunion at North Manchester on May 16th and 17th.

IT is thought that 150 lives were lost by the disaster in the mine in Wales, an account of which was given in our telegraph columns yesterday.

NELLIE BLY, the famous globe circler, will draw a large audience to the Y. M. C. A. hall, in this city, on the occasion of her lecture, March 27th.

THE Personal Rights league will establish an English branch of their association. A petition has already been filed for that purpose.

PHŒNIX lodge, K. of P., at its meeting last night had work in the amplified first rank. This work is new in the city and Phœnix lodge is the first to attempt it.

THE ice houses in this vicinity are being filled with ice. There will be plenty of the cooling article for all purposes, but the price will probably be high.

THE common council will be in regular session this evening. There is nothing of extraordinary importance in the proceedings so far as at present contemplated.

THE death of ex-Congressman Taulbee at Washington this morning is noted in our telegraph columns. He was shot a few days ago, it will be remembered, by Correspondent Kincaid.

THE Chicago Paving company has sent a request to the city engineer asking for the estimated number of yards of pavement to be laid in this city the coming season. They will bid on the work.

DR. MCGLYNN made his appearance at the meeting of the Anti-Poverty society Sunday night for the first time in several weeks, having sufficiently recovered from his recent illness to deliver a short address.

THE seventh annual reunion of the Thirtieth Indiana Veteran association will be held at Albion on Thursday, April 3, 1890. A splendid program has been arranged for the occasion and the reunion is looked forward to with many pleasureable anticipations by the old comrades of the regiment.

DR. KERRICK, the newly appointed postmaster of LaGrange, will not assume the duties of the office until April 1. Mr. J. Frank Snyder, the old postmaster, will probably be retained as an assistant by Dr. Kerrick for several months. Mr. Snyder has made an excellent official and is highly regarded by the people of LaGrange.

MR. F. HUMPHREYS, the general secretary of the Young Men's Christian association for Indiana, has resigned that position. Mr. Humphreys was a frequent visitor to this city, and his many friends here will regret his retirement from the office of general secretary. He was an earnest Christian worker, and eminently successful in his labors.

THE attention of ex-Secretary of the Navy William C. Whitney was called to a paragraph in a San Francisco paper saying that he would be the democratic candidate for the presidency in 1892. After reading the article Mr. Whitney said: "I do not know what led to its publication. I am not a candidate for president, and can only repeat what I said in a letter several months ago, that I will not be a candidate under any circumstances."

STATE TREASURER LEMCKE is much interested in the progress of the bill before congress to refund to the states the direct tax received during the war. Three reports have been presented for the bill by the judiciary committee. The majority report recommends its passage; the minority object to the measure on the ground of unconstitutionality. Judge Culbertson, of Texas, submits the third report, in which he objects to the bill because it does not go further and reopen the court of claims to the owners of captured and abondoned property. If the bill is passed, Indiana will get $769,144. The bill has already passed the senate, and is believed to have a fair prospect of passing the house.

WRECKED LIVES!

Rum's Ruin and the Chains With Which it Binds Its Victims—A Personal Experience.

"There are many roads that lead to ruin, but rum's road is the surest."

The speaker was a comparatively young man and the remark was suggested by the article which appeared in THE SENTINEL of last evening, giving an account of the death of old man Peterson, who was struck while in an intoxicated condition by a Nickel Plate freight engine and hurled to instant death, near Edgerton, last Saturday evening.

"There are cases like this," he continued, "occurring almost every day, but this is not the worst ruin wrought by rum. It is the ruined hopes, the ruined lives, the ruined homes, the ruin of all that is dear in this world that I refer to when I say that rum's road is the surest road to ruin and I speak from experience, for I have sipped from the deepest and bitterest dregs of the wine cup."

The last remark were the words which attracted the attention of THE SENTINEL reporter, for gazing into the face of the speaker he saw none of the traces of a dissipated life. Less than forty years, apparently, had passed over his head. A manly form, clear cut features and an intelligent face were his, and our reporter, interested in his past history, urged him into telling it.

"My first glass was taken while I was at college," he said. "I was brought up by Christian parents. I knew the death that lurked in the wine cup, for I had been taught it from earliest infancy. I had seen other lives ruined by it, but when I got out into the world and met its temptations and saw young men using it and continuing their duties, I said to myself, 'It is the abuse and not the use that constitutes the harm,' and so I took my first glass.

"I left college, after graduating, and returned to my home to commence the study of a profession, still taking an occasional glass. I was strong minded. Intoxicating liquor would never hurt me—I knew when to stop—and so I entered my chosen profession, feeling free to drink when I chose to do so. Five years passed thus, and, if I occasionally went home at night with an unsteady step, I was all right again in the morning and at my office duties as usual. The little whisky that I had taken did not hurt me, I argued.

"So it continued. Unconsciously to me, the tempter was drawing me into his web and I soon found myself dropping into drug stores and saloons during the day to take an 'occasional glass.' The habit grew on me and I was frequently seen in public with flushed face and unsteady step—but I knew when to stop, and so I went on, and on, and on until I became a drunkard.

"Friends, seeing my condition, had warned me of my danger, but I heeded them not—I knew when to stop—and each year pushed me deeper into the habit. It was only when I had recovered from my first attack of delirium tremens that I awoke to the awful realization that I was a drunkard—and then it was too late. A few weeks and I was at my cups again and the human aid extended to save me was unavailing. I went down deeper into the dregs of misery, my little savings gone, and my life a wreck. If ever 'lost, lost' was written on the brow of a human being it was written on mine. I fought the monster and strived to release myself from its grasp. I knew then that I did not know when I had enough, but it was too late—I was lost—rum was my master, and I was its slave.

"Death stared me in the face a dozen times or more as the result of my debauches, but with each recovery I plunged into it again. Thus another year of my life was wasted. But a deliverer came at last. Gentle influences, love, wooed me from my cups and placed me on my feet again and since then I have not tasted intoxicating liquor in any form. My years of wasted life I could not recover, but I determined to be a man. I was on the verge of complete ruin, but I was saved before it was eternally too late. Yes, there are many roads that lead to ruin, but rum's road is the surest. If my story will do you any good, you are at liberty to publish it."

It is said that a great many Englishmen are visiting this country this season. I asked Jinks what they came for. He said he supposed "to marry softpated millionaire women, to talk the fellows out of their money, who want to be fooled, and to lay in a supply of Dr. Bull's Cough Syrup."

"The greatest cure on earth for pain, Salvation Oil; take up the strain."

A FITTING TESTIMONIAL.

Mr. and Mrs. C. H. Walton Remembered by the Pittsburg Conductors.

Last night witnessed a happy surprise for Mr. and Mrs. Clinton H. Walton, of 131 East Wayne street.

It has been announced that Mr. Walton retired from the position of trainmaster of the Pittsburg, Fort Wayne & Chicago railroad on account of another appointment.

Last night the passenger conductors of the road paid their respects to Mr. Walton and his estimable wife in a substantial way, by presenting them with an elegant silver tea set and water service, bearing this inscription: "Presented to Mr. and Mrs. C. H. Walton by the passenger conductors on the divisions D and E, of P., F. W. & C. railroad. March 10, 1890."

The present was procured at August Bruder's store and no handsomer or more valuable of its kind has been sold in Fort Wayne.

Conductor Lyman M. Blakesley made the presentation speech as follows:

We are here to represent the passenger conductors of the divisions D and E, Pittsburg, Fort Wayne and Chicago railway. We have been informed that you are about to leave the position of trainmaster of these divisions, a place which you have filled with much ability for the past eleven years. While regretting sincerely the proposed severance of old-time associations and business intercourse which has always been tempered by kindness and justice on your part, we are greatly pleased to know that the company has acknowledged your past services in appointing you to the position of division superintendent.

You leave with our best wishes, and as a small testimonial of our regards we present to you and your estimable wife this silver tea service, and with it our kind regards for your future prosperity.

Although Mr. and Mrs. Walton were too much surprised to fully take in the situation, the former responded with feeling.

The following persons were present: Rev. D. W. Moffat, D. D., J. W. Clark, Dr. Greenawalt, C. E. Clark, Conductors L. M. Blakesley, T. M. Glenn, Pat Traverse, S. McMahon, Cliff Ellenwood, James Breen.

The donors of the magnificent gift are as follows:

S. McMahon, Thomas M. Glenn, L. M. Blakesley, Chas. E. Ross, C. B. Sheffler, Geo. Bonter, Pat Travis, James Finnell, James Breen, John P. Kane, Jos. Rowan, C. A. Ellenwood, James M. Sheehan, John Walsh, T. O'Rourke, John Horning, Harry Tague, O. Irwin, C. Finney, Ed Longhenry, W. S. Studor, F. M. Mauk.

Mr. Walton has been appointed superintendent of the Cincinnati and Muskingum Valley railroad, a branch of the southeast Pennsylvania system. His headquarters are at Zanesville, O., for which place he will leave with his family to night. Of the many who have Mr. Walton's acquaintance there is not one but will wish him and his happiness and prosperity.

The Heart of the Alleghanies.

Writing of a recent trip across the mountains of West Virginia a gifted journalist says:

"Twilight on the grade is grand. The mountain summits look like the bushy tops of trees. The sun has disappeared in a ball of fire at his "jumping-off place," but the vivid lighting of the western sky by the still upturned illumining face below the horizon is in marked contrast to the gathering shades behind the rushing train. From shelf to shelf, from crag to crag, from brink to brink we almost fly. Like a flashing transformation, rendering almost past belief the fact that the scene is in the midst of the Alleghanies, comes a bit of landscape gardening, with all the beauties of walks and hedges and bright hued flowers, a mountain brooklet tumbling through the centre—Buckhorn Wall, the most noted and most admired view that can be had from any known point in the Alleghany range. To enable the road to span the tremendous gorges, a massive wall of cut stone was erected for a distance of several hundred feet, and more than a hundred feet above the foundation rock. As the river makes an abrupt turn at right angles, a deep canyon is opened up for miles. Range after range of mountains disappear behind each other. The shadowy outlines of single peaks steal out through the haze."

This beautiful scene is on the Baltimore and Ohio railroad, near Grafton, W. Va. The entire line from the Potomac to the Ohio is a majestic panorama of the grandest views on the continent and all endowed with historic interest.

A DANIEL has come to judgment in Montreal, where a man has been condemned to pay the sum of $1 as damages for having called upon a person in a factory with a view of collecting a debt. The court held that the domicile of the debtor is the proper place at which to demand money that is owing. It further declared that to ask on the street for money that is due constitutes an assault.

A Boy's Head Cut Off by the Wheels of a Wabash Freight Train at Huntington.

A frightful accident happened at Huntington yesterday afternoon.

About 1 o'clock several boys, ranging from ten to twelve years in age, were jumping on trains near the crossing of the Chicago and Atlantic and Wabash roads, at that city. Among them was Albert Staltder, ten-year-old son of Fred Staltder, of Huntington.

When Wabash freight No. 96 pulled by young Staltder attempted to board a car, but the train was going too fast and he missed his hold, his toe struck a tie and he fell under the wheels, with his neck lying on the track. About ten or twelve cars passed over him, completely severing the head from the body.

When the remains were taken away they were picked up in two parts. The head laid inside the track, the body outside. The boys who were with him all scattered at once, but the body was found by some men who notified the authorities and Coroner Wright took the matter in charge and held an inquest.

The body was taken to the home of the parents, who are good, German working people, and for whom much sympathy is felt.

Dr. K. K. Wheelock attended Dr. Franklin Greenwell, of Huntertown, who was injured by the discharge of a pistol the other night. The doctor's face was filled with powder and one eye is very badly injured, the powder particles penetrating deeply into the eyeball and causing inflammation. The doctor is a brother-in-law of Cass Hunter, deputy county treasurer.

A NEW NAME.

The Clifton House One of Our Popular Hotels.

Dr. Brown, who recently took possession of the Ervin house, at the corner of Harrison and Pearl streets, has changed the name of that hostelry to the "Clifton House." He has newly refitted and refurnished it and made many decided improvements, so that it is now the best $1.00 a day hotel in the city. Dr. Brown is a pleasant landlord, and will prove popular with the traveling fraternity.

The Olds works pay their employes Saturday.

Pittsburg Engineer Frank Wright is on the sick list.

The Grand Rapids pay car will be in the city Thursday.

Prest. J. H. Bass went to St. Louis last night over the Wabash.

The Nickel Plate ticket office has undergone a series of improvements.

Nickel Plate engines 3, 9 and 159 have been sent to the shops for repairs.

Ellsworth Fox, machinist at the Olds wheel works, is off duty on account of sickness.

Manager McDonald, of the electric light works, went to New York this morning.

Incandescent lights will be placed in the Pittsburg freight office and warehouse soon.

Ed. Lindemann, clerk in the Pittsburg freight office, is again on duty after a day's illness.

Louis Zauner, machinist at the Bass work, resumed work this morning after a day's illness.

W. S. Brown, traveling passenger agent of the Lake shore road, was in the city yesterday.

Owing to a war on rates to Denver, the price is $7 less to-day than yesterday to that point.

Henry Smith, who recently sustained injuries of the hand, has resumed his run on the Muncie.

Assistant Surveyor John W. Sanborn, of the Nickel Plate, went to Stony Island Sunday night.

Two new Corliss engines are being constructed at the Bass machine shops for use in Defiance, O.

Charles Druhot, a moulder in Bass' foundry, was elected president of the Fat Men's club last night.

A. S. Work, superintendent of motive power of the Nickel Plate, has gone to Bellevue on a tour of inspection.

Four men have been transferred from the Pittsburg lumber yard to the round house, on account of extra work.

Ed. Luke, clerk in Bass' machine shop, has resigned and Boyd Snyder, shipping clerk, will succeed him.

A special order has been received at the electric light works for two 50,000 light Watt dynamos, to go to Detroit.

The employes in the tire department of the Olds wheel works resumed work yesterday morning after a week's rest.

W. H. Fisher, general ticket agent of the Fort Wayne, Cincinnati and Louisville road, left the city yesterday.

Geo. Lown and Noah Baker, of the electric light works, returned to work yesterday, after a few days honeymoon.

The Bass boiler shop shipped a large class "D" locomotive boiler to the Wabash railway at Springfield, Ill., to-day.

The Muncie road took twenty-five delegates to the state encampment G. A. R. encampment at Indianapolis yesterday morning.

Geo. Telley, night foreman of the Pittsburg round house, is off on account of sickness and John Fisher is officiating during his absence.

Yesterday five persons left over the Nickel Plate for Denver, Col., three for Kansas City, one for St. Joseph, Mo., and two for St. Paul, Minn.

By a unanimous vote of the management of the R. R. Y. M. C. A., C. H. Newton has consented to continue his present position as manager.

Frank Fonier, of the Bass moulding room, went to Wallen this morning on business of a personal character. It is thought Frank contemplates matrimony.

The Wabash people expect, through the lengthening of divisions, to bring about a saving of from 3 to 5 per cent. in operating expenses between St. Louis and Toledo.

Herbert Kemp, of the electric light works, received an injury in the eye this morning by a piece of flying brass. The services of an occulist were needed to extract the painful visitor.

By reason of changes and improvements, thirty-two employes were laid off at the electric light works yesterday and the eight hour system was adopted. The employes will soon return, however.

A new time card went into effect on the Pittsburg, Fort Wayne and Chicago road Sunday. A few changes of importance are noticed. Among these No. 2, the limited, leaves fifteen minutes later than usual.

The Baltimore and Ohio will soon be in the market for six thousand new freight cars, twenty-five passenger coaches and thirty locomotives, to be distributed on the eastern and western lines, the business of the company all over its system being far in excess of the equipment.

R. B. Starbuck, of the Muncie, has been appointed superintendent of the Peoria, Decatur & Evansville railroad and the Evansville belt line, to take effect on and from to-day. H. H. Crosby, the present chief trainmaster, is appointed master of transportation on the "Muncie Route," and George Wilson, train dispatcher.

With the doing away with party rates it is said that the mileage book is to be used on many roads with more freedom, although under association agreements they cannot be on all roads. Conductors are instructed to guard against the use of mileage books by any other persons than those whose signatures are attached, but this vigilance on some roads has become a dead letter.

A great many employes of the shops and railroads have been availing themselves of the opportunity given for learning practical drawing at the R. R. Y. M. C. A. class which closed March 1st. Many, however, are continuing in an advanced class under Mr. Sessions, of the electric light works. Mr. Fred Hunting, who formerly taught, is too much pressed for want of time to continue.

The many friends of Al. Baldwin, the former Wabash conductor, will be pained to learn of a serious mishap in which he was concerned, that occurred about 4 o'clock Saturday afternoon, at Toledo. Mr. Baldwin was speeding one of his horses in East Toledo, and ran into a carriage containing Mr. and Mrs. S. S. Anson, fatally injuring the latter. The couple did not see the horses in time to avoid the accident. Mr. Baldwin was somewhat cut about the head, but not dangerously.

The attempt of railroad officials to prevent the press from obtaining the details of accidents on the roads is not only reprehensible but is one of the most stupid performances imaginable, says the Indianapolis Journal. When an accident occurs at some remote station, and when the few passengers are not of a class likely to communicate with newspapers, particulars of the affair may possibly be concealed from the public, but even then it is doubtful. Far less prejudice is excited in the public mind by a frank and truthful account of such an accident from the trainmen than an attempt by them or their superiors to hide the facts. Invariably, such effort at concealment is construed to mean that the worst is not to be told, and a calamity, in consequence, grows in magnitude by the force of rumor. It is strange that railroad companies do not realize this, and also that the people resent the assumed rights of the roads to hide what the public has a right to know.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

Some one says "John Jacob Astor was a very rich man—once."

Why continue the use of irritating powders, snuffs or liquids. Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had for 50c. It is easily applied into the nostrils, is safe and pleasant, and is curing the most obstinate cases. It gives relief at once.

The proprietors of Ely's Cream Balm do not claim it to be a cure-all, but a sure remedy for catarrh, colds in the head and hay fever. It is not a liquid or a snuff, but is easily applied into the nostrils. It gives relief at once.

MRS. JONES has some military lodgers whom she laughingly refers to as roomers of war.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

Cloth coats, newmarkets, coats and pelisses are given sleeves.

"How to Cure All Skin Diseases."

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT.

Notice to Horse Buyers.

Great Plundering This Week

—AT THE—

Chattel Mortgage Boot and Shoe Sale

FOURTH WEEK of one of the GREATEST SACRIFICING sale of FOOTWEAR in the history of Fort Wayne, during which time we've sold more shoes than any two and perhaps three dealers in the city. The reason assigned for our phenomenal large trade is for the following three reasons: FIRST—We are selling you good, honest, custom-made goods for just 33c. on the DOLLAR. SECOND—We have the largest and best assorted stock of Boots and Shoes in the State of Indiana. THIRD—We make no misrepresentations; all goods warranted as represented.

Taking the above three reasons into consideration it presents a combination of inducements THAT NOBODY CAN AFFORD TO MISS. We have not the time to explain the why's and wherefore's, but we intend to make THIS WEEK an event that will long be remembered to all those paying a visit to this MAMMOTH SLAUGHTERING sale of FOOTWEAR. ESTABLISHED 1833 — TUESDAY, MARCH 11, 1890. — PRICE TWO CENTS

GUTTED BY FIRE!

A Big Cincinnati Clothing House is Destroyed--Telegrams From Other Points.

CINCINNATI, Ohio, March 11.—The five story building on the southeast corner of Third and Vine streets, owned and occupied by Stern, Mayer & Co., one of the largest and wealthiest clothing manufacturing firms in this city, was completely gutted by fire early this morning. The loss is estimated at $45,000; insurance, $250,000.

Fireman White, of the 9's, was thrown from a ladder by a falling cornice during the progress of the fire and badly injured. Engine No. 6, while en route to the fire collided with a freight car at Sixth and Baymiller street. The driver, James Sheppard, was thrown from his seat and sustained a fracture of the skull and several bad bruises.

PRESIDENTIAL NOMINATIONS.

WASHINGTON, March 11.—The president sent to the senate to-day the following nominations: Lieut. Col. Wm. Smith, deputy paymaster-general, to be paymaster-general, with the rank of brigadier general; Jos. A. Wood, of New Hampshire, to be consul of the United States at Sherbrooke.

GRAND RAPIDS POSTMASTER.

The president has nominated Geo. G. Briggs as postmaster at Grand Rapids, Mich.

In the senate to-day the credentials of Mr. Allison for his new term were presented and placed.

Mr. Hoar called up the resolution for the exclusion from the Records of the sentences interpolated by Mr. Call in the report of his remarks in the discussion with Chandler a few weeks ago.

During the course of debate Senator Edmunds used words which Senator Daniel, of Virginia, construed to impute the crime of murder to Senator Eutis, of Louisiana.

Senator Daniel demanded that the words of Senator Edmunds be taken down. The proceedings were then suspended to allow the stenographer to write out the objectionable words.

OTHER TELEGRAMS.

HASTINGS, Neb., March 11.—At an early hour yesterday morning, ten miles east of here, on the Burlington and Missouri, two freight trains collided, killing and cremating Grant Norton, conductor, and Miller, brakeman. Several cars were also burned. Intense darkness and a fog are the causes assigned.

MARSHALLTOWN, Iowa, March 11.—The employes in the machine shops of the Iowa Central road struck Sunday, because the officials refused to longer allow price and a half for extra work nights and Sundays. A few apprentices went to work yesterday, but the great majority refused to work and were paid off.

DENVER, Col., March 11.—Charles H. Rae, a notorious pension forger, was arrested here yesterday by a deputy marshal, at the instance of Special Pension Examiner Anderson, of Chicago. Rae has been going from place to place for ten years forging names of witnesses to a claim for a big pension. His last forgery was in Milwaukee six months ago, and since that time has been eluding a score of officers.

CHICAGO, March 11.—John T. Lester, the well-known millionaire board of trade man, is lying at the point of death.

LONDON, March 11.—The grand international hurdle race at Croydon to-day was won by Waterproof. There were nine starters.

PARIS, March 11.—The cabinet has selected the following named gentlemen to represent France at the Berlin labor conference:

Senators Jules, Simon and Talair, Deputy Burdeau, Inspector of Mines Linderau and M. Dupage, a mechanic.

LONDON, March 11.—The jury in the case of Miss Vincent returned a verdict of not guilty.

CHICAGO, March 11.—The police arrested Joseph Chevalkowksi last night. June 28th, 1887, he shot and killed his father in the woods near Stevens, Minn.

BOSTON, March 11.—Frank H. Tompkins, an artist of high repute, attempted suicide in the streets last night by shooting himself.

BERLIN, March 11.—Prof. Goldemeister, the orientalist, is dead.

MANSFIELD, O., March 11.—Philip Seller, of Loudenville, who was arrested at that place last Saturday, as an accomplice of George M. Devincy, the burglar who was shot and killed by farmer Justin F. Frengle near Crestline, February 16, has made a full and complete confession.

BLOOMINGTON, Ill., March 11.—A mail pouch, which a few nights ago was stolen while being transferred from the Big Four to the Chicago and Alton, was found yesterday in a field near this city.

BERLIN, March 11.—It is semi-officially announced that the new reichstag will be convened on April 15.

CONSTANTINOPLE, March 11.—A terrific encounter between Turkish troops and a band of brigands has taken place. The latter were defeated.

AUBURN, N. Y., March 11.—The children of the Cayuga orphan asylum are suffering from an epidemic of measles and whooping cough.

EAU CLAIRE, Wis., March 11.—Will Deedley, a young man of eighteen, son of the pastor of the First Congregational church, was outrageously hazed by ten young ruffians yesterday, at the Washington high school.

NEW YORK, March 11.—The Western Union executive committee met to-day and recommended the usual quarterly dividend of 1¼ per cent., to be declared by the directors to-morrow.

A BOLD ROBBERY.

A Tray of Diamonds Stolen From a Store Window.

DALLAS, Texas, March 11.—One of the boldest robberies that ever occurred in this state took place last night at 9:30 o'clock, at 68 Main street, in the very heart of the city.

Doman & Samuels are jewelers, and keep a magnificent display of costly goods behind the plate glass of their large show window. Within and without are electric lights, and the neighborhood is kept almost as light as day.

While Mr. Doman was waiting on a customer he heard a crash at the window and turned his eyes barely in time to see a tray of valuable diamond rings disappear. He ran out in an instant, but the thief had disappeared up the stairway at the side of the store.

The break was made with a rock weighing twenty pounds, wrapped in paper. The tray contained forty-two diamond rings valued at about $5,000. The man was a slender white man about five feet eight inches high, without whiskers, and wore a black suit and light colored hat. After he ran up the stairs in front he was seen to descend to the street in the rear and go out through the alley. The sheriff and other officials with trained blood hounds, are now on his trail.

THE DEAD MINERS.

It is Believed That None of the Entombed Men Are Alive.

LONDON, March 11.—The latest news from the Morsa mine disaster is that four of the entombed men succeeded in in crawling through a crevice between the roof of the mine and the debris. They report that they passed over heaps of dead miners and expressed the belief that none of the entombed men are alive.

The Weather.

WASHINGTON, March 11.—For Indiana—Rain, warmer weather to-day, followed by clearing weather, northeasterly winds, and much colder on Wedesday.

AT the breakfast to Amelia B. Edwards, in Boston, Lucy Stone told how, in the days when women first began to speak in public, one bitter night in a new England town the windows were opened from the outside and a stream of ice-cold water was turned upon her, but this did not daunt her nor stop her speech. Once a pistol was fired at Anna Dickinson on the stage and the ball cut off a lock of her hair, but she did not flinch a hair's-breadth. There were heroes in those days and there were women.

THE Khedive is much in love with his wife, who wears a modern costume, while their children dress like Americans. The Khedivch, as she is called, has her harem, or women servants by scores. She is accompanied whenever she goes out to ride or drive by some of her numerous eunuchs, and she keeps up a big establishment separate from that of the King. Their love for each other and the example of the Khedive in having but one wife is catching, and many of the older noble Arab gentlemen are following it.

MRS. KATE CHASE, presiding over her little family of young girls at Edgehill, near Washington, may not appear so brilliant, but she is certainly more interesting than when she was the gayest and most fascinating leader of Washington society. She was ambitious of presiding over the White House, not that she ever expected her husband to be President of the United States, but she thought it possible that her father's political career might fitly terminate by being elected to the highest position in the gift of the American people.

THERE is said to be a large band of wild horses, led by a thoroughbred known to the stockmen as the "Outlaw Stud," ranging between Truckee, Nevada County, and Peavine, Nev., says the Grass Valley *Tidings*. Years ago the stud, a fine racer, escaped to the mountains, and has since defied capture. By desperate riding stockmen manage to get into the band every year and drive out the colts. The horses range on the highest peaks, beyond where cattle or sheep often go. They only go to water once a day, and then in single file down the mountain trail as fast as they can run. They go back at their leisure.

NELLIE AND HATTIE COOK, aged 14 and 16 years respectively, daughters of Lyman Cook, of Smith County, Kansas, husked 1,000 bushels of corn for their father last fall, for which he paid $25, having agreed to pay them 2½ cents a bushel for all they would husk.

WILL BE A FLOOD!

Great Damage, and Possibly Loss of Life, Looked for in the Country Along the Mississippi River.

ST. LOUIS, March 11.—There is going to be a flood, and a very serious one, in the country along the lower Mississippi. There will be great loss of property and probably loss of life. The Ohio and all its tributaries are very high, the upper Mississippi and Missouri are high and rising here and above, and rain has been falling here and in the northwest. The snowfall in the mountains has been very heavy and the mild winter makes it a certainty that this snow will melt early.

The situation about Cairo has been growing more serious daily and may be said to have reached a crisis. The country for miles is under water and hundreds of people whose homes are in the bottom lands have sought refuge in the high lands.

Hundreds of farms in Missouri, Illinois and Kentucky are completely submurged. In many cases families are living in boathouses or rafts, while in other instances people whose houses are on slight elevations stick to them with water all around. There has been great loss of live stock, but no human lives have yet been lost. More than half of the city of Cairo is submurged, and business is paralyzed, the only means of communication being by boats.

The levees in the vicinity will stand the strain, but the water backs up in the rear part of the city, as it were. Great efforts and thousands of dollars have been spent in the levees along the lower Mississippi and the boards of the contractors made the people believe they were safe. There certainly has been good work done, but a chain is only known by its weakest link. The people here were aroused to a knowlege of this fact by the breaking of the levee near the town of Arkansas City, where the embankment was built almost wholly of sand.

When the water once got through there seemed to be no stopping it, and within twenty-four hours there was a crevice sixty feet wide, and rapidly widening. This break lets the water in one of the richest sections in the world, and, according to the news received last night, the whole of four parishes, comprising the Texas basin in Louisiana, will be inundated. Every man capable of handling a shovel has been pressed into service, and an army is at work, but with scant hope of accomplishing much.

DENVER, March 11.—A very heavy snow was in progress last night, and it bids fair to be the worst of the season. Advices from the mountains are to the effect that the storm is general. The Rio Grande has been working all available men on Cumbers mountain for the last three weeks in clearing the line to San Juan, and would have had the road open in a day or two, but this storm will undo all their work. Eighteen inches is Aspen's record for the past twenty-four hours and four feet has allen in South Park.

THEY MEAN BUSINESS.

A Petition From the Business Men to the Council.

If good, hard work will accomplish any good results the council will to-night pass an ordinance compelling the taking out of a license by temporary business concerns whose business is to travel from town to town to sell "bankrupt" stocks. This license will be $25 or more. The meeting at the Business Men's exchange yesterday resulted in the appointment of a committee of five to present the matter properly before the council. The committee is as follows: H. C. Graffe, Dennis Monahan, A. S. Lauforty, Geo. W. Pixley, and H. P. Vordermark. A committee consisting of J. B. Monning, Otto Gross, and Charles Read were securing signatures to day for a petition to the council to act in the matter.

Brotherhood Base Ballists.

CLEVELAND, March 11.—The brotherhood meeting was called to order at 10 o'clock this morning, all the clubs being represented. The schedule will be considered this afternoon, and Dunlap's case will also be settled to-day. He will be retained at his last year's salary. Among the arrivals to-day are Fred Carroll, John Tener, Ed. Hanlon, George Gore, Nick Engel, Judge Bacon and Colonel McAlpin.

Victor Thraur, manager of the Aamold-Werner concert company, has closed a contract with the City Y. M. C. A. for that attraction at the association hall on Friday evening. Herr August Aamold is a Norwegian violinist of prominence and Oscar Werner is a celebrated American pianist. Both are whiling away a few weeks previous to entering upon an engagement for Knabe, the piano manufacturer.

THERE are 686 periodical publications in Russia. Seventy-eight of them are political and news dailies, 109 are scientific, 86 religious, 15 artistic, 33 agricultural, 82 statistical and bibliographical, 15 pedagogic, 13 for children, and the rest miscellaneous.

TAULBEE IS DEAD!

The Ex-Congressman Expires From the Effects of the Bullet Wound Inflicted by Correspondent Kincaid.

WASHINGTON, March 11.—William Preston Taulbee, a representative in congress from the Tenth Kentucky district in the Forty-ninth and Fiftieth congresses, who was shot in an altercation with Charles E. Kincaid, the Washington correspondent of the Louisville Times, in the house wing of the capitol on the afternoon of February 28th, died this morning, at 5 o'clock, at Providence hospital.

His death has been expected for several days, but while there was still a chance for his life, the physicians thought it advisable not to permit him to make an ante-mortem statement of the circumstances surrounding the shooting. He died, therefore, without making any statement, and the case against Kincaid will rest entirely on the testimony of himself and two eye witnesses of the tragedy.

One of these eye witnesses was Samuel Donaldson, of Tennessee, formerly doorkeeper of the house of representatives, who has refused to make any statement for publication. Donaldson was with Taulbee at the time the shooting occurred. The other witness was a boy who cannot be found.

The stories of the shooting differ in one important particular. Kincaid and Taulbee had had an encounter some time previous to the shooting in the corridor adjoining the hall of the house of representatives on the east.

It was said just after the shooting took place that Kincaid had armed himself, after the first encounter with Taulbee, and, seeing him going down the stairs that lead to the basement, had run after him, called to him, and, as he turned, he shot him in the face. Kincaid claims that he armed himself in fear of danger from a further encounter with Taulbee; that Taulbee had warned him to arm himself, and that Taulbee insulted and attacked him on their second encounter, rendering, in his opinion, resort to the pistol a necessity.

The theory of selfdefense will be set up by Kincaid's lawyers. As soon as the news of Taulbee's death reached police headquarters an officer was sent to Kincaid's room, he was awakened, and after he had dressed, was taken to the police station where he now is.

WILL GO WEST.

A Popular Fort Wayne Firm to Retire from Business and Go to California.

The announcement that Redlick Bros., the well-known and popular shoe dealers of this city, have decided to quit business and move to Anaheim, California, will be a genuine surprise and a regret to their many friends in Fort Wayne.

The young men have conducted the shoe store which bears their name for several years past, and their square dealing and business methods have built up a trade in that line that was second to none in the city. They were favorites not only in business, but in social circles, and they will be missed greatly, for they combined with their business qualifications a pleasant social manner that made them friends among all classes of citizens. THE SENTINEL, while regretting to see the young men leave the city, can, however, join with their friends in wishing them unbounded prosperity in their western home.

The Anaheim (Cal.,) Gazette has the following notice concerning the gentlemen and their new enterprise:

Mr. Henry Redlick, of Centralia, is making arrangements to engage in the commission business. Redlick Bros., now in the shoe business at Fort Wayne, Ind., are expected to join him here shrotly, and the business will be conducted on a large scale. They will handle nuts, fruits, and all California products, which they will ship direct to eastern markets.

A LAUNDRY BLAZE.

The Little Chemical Fire Engine Pressed Into Service.

This morning a fire started between the ceiling and the roof of the Summit City laundry at the corner of Superior and Plum streets. The smoke rolled out in dense volumes from the two story building and owing to the heavy atmosphere, it was stifling throughout the neighborhood.

The little chemical engine was found to be sufficient to extinguish the blaze. The loss will amount to about $200. Insured.

The building is owned by Mrs. Wood and the laundry is operated by the firm of Fisher & Harr.

Mr. A. C. Probasco, ex secretary of the gas works, who is now at the City hospital, is worse to-day. He is delirious all of the time and recognizes none of his friends or relatives. The best of attendance has been secured for him.

The county commissioners to-day visited the jail and St. Joe hospital. To-morrow they expect to visit the City hospital. At the jail they found that improvements had been made as recommended by the grand jury, in the placing of new locks, etc.

James Black makes the remarkable request of the county commissioners for $10 with which to start into business. He is now being cared for by the county, and says that should the commissioners grant him the request he will try and be independent hereafter.

A SQUIRREL was killed recently on its way from a grain field in San Joaquin County, California, and on examination of its pouches they were found to contain 819 grains of wheat, which go to show how much damage a few of these animals can do.

A $10,000 LEG.

John P. Friedline Sues the Pennsylvania Company--New Suits Filed--Court News.

To-day John P. Friedline, through his attorneys, L. M. and Harry Ninde, entered suit in the circuit court against the Pennsylvania company for $10,000 damages.

The plaintiff alleges in the complaint that early last September he returned by defendant company's cars from Columbus, Ohio, and that owing to the neglect of the company's servants to properly display lights at the station of Monroeville, this county, he jumped and fell under the moving train. The wheels severed his leg and otherwise injured him. Mr. Friedline is a resident of Monroeville.

COURT NEWS.

LOSES HIS HAND.

Fred Dandler's Carelessness May Cost Him His Life.

This afternoon, at the City hospital, Frederick Dandler had his left hand amputated, the operation being performed by Dr. Carl Proegler.

About four months ago the hand in question was injured while he was laying natural gas mains for the Salimonie company. He did not call the services of a physician, and finally gangrene set in.

This morning Mr. Dandler had the member examined for the first time, and the physician advised him to undergo amputation at once. There may be more serious results.

Dandler lives with his wife at 281 East Washington street.

A USEFUL INVENTION.

An Article of Household Utility That Will Spring Into Popular Favor.

Mr. M. J. Page, general agent of the Arcadia Manufacturing company of Newark, N. J., is in the city, securing agents and disposing of territory for an invention of household utility that is really a magnificent machine and a great labor saver. It is called a "Combination Slicer" and is used for many purposes, among which may be enumerated the slicing of bread, potatoes, oranges, tomatoes and radishes for table use, pine apples, cutting cabbage for cold slaw or sauer kraut, slicing dried beef and many other purposes too numerous to mention, and that, too, with less labor, less care and much smaller loss and renders the food far better in quality and much more attractive in appearance.

It is an invention that will spring into popular favor and will sell readily for its value as a labor saver suggests itself to every housewife.

Mr. Page is showing the machine to-day at No. 15, West Main street, but after to-day will have his headquarters at the Rich hotel, where persons desiring to secure territory can see him.

A SENTINEL reporter saw the invention operated this morning. It is simple in construction and any child can work it. The parties securing the control of the "combination slicer" in this vicinity will have a money making business.

CRIMINAL CASES.

Two More Youthful Burglars--Daily and Barrell To Be Arraigned.

Last night the police effected the arrest of Tommy King and Johnnie McNally, who are supposed to be parties to the burglary at A. Kalbacher's grocery some weeks ago.

It is quite likely that Prosecutor James Robinson will file information against these lads and also against John Daily, Sam Werner and Aaron Barrell, so that they will be sentenced this week. The boys will probably get a jail sentence, while the others stand a fair show of going to the penitentiary.

Colonel Humphrey, proprietor of the Aldine, has been called to Muskegon, Mich., on account of an accident which befell his mother.

BETTER THAN GOLD.

RESTORED HER HEALTH.

For 25 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines without giving me any perceptible relief. Friends induced me to try S. S. S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.

"It Disagrees with Me."

A common remark. If you take Tutt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now.

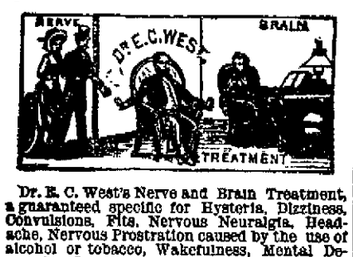

Rev. R. Burts, Manata, Fla., says: "Tutt's Pills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have lost their dread. Our people take one or two doses of the Pills, and follow it with fifteen grains of quinine, divided in three doses during the day. The chill never returns."

Local News and Personal Gossip Gathered Around the City's Railroads and Manufactories.

The Olds works pay their employes Saturday.

Pittsburg Engineer Frank Wright is on the sick list.

The Grand Rapids pay car will be in the city Thursday.

Prest. J. H. Bass went to St. Louis last night over the Wabash.

The Nickel Plate ticket office has undergone a series of improvements.

Nickel Plate engines 3, 9 and 159 have been sent to the shops for repairs.

Ellsworth Fox, machinist at the Olds wheel works, is off duty on account of sickness.

Manager McDonald, of the electric light works, went to New York this morning.

Incandescent lights will be placed in the Pittsburg freight office and warehouse soon.

Ed. Lindemann, clerk in the Pittsburg freight office, is again on duty after a day's illness.

Louis Zauner, machinist at the Bass work, resumed work this morning after a day's illness.

W. S. Brown, traveling passenger agent of the Lake shore road, was in the city yesterday.

Owing to a war on rates to Denver, the price is $7 less to-day than yesterday to that point.

Henry Smith, who recently sustained injuries of the hand, has resumed his run on the Muncie.

Assistant Surveyor John W. Sanborn, of the Nickel Plate, went to Stony Island Sunday night.

Two new Corliss engines are being constructed at the Bass machine shops for use in Defiance, O.

Charles Druhot, a moulder in Bass' foundry, was elected president of the Fat Men's club last night.

A. S. Work, superintendent of motive power of the Nickel Plate, has gone to Bellevue on a tour of inspection.

Four men have been transferred from the Pittsburg lumber yard to the round house, on account of extra work.

Ed. Luke, clerk in Bass' machine shop, has resigned and Boyd Snyder, shipping clerk, will succeed him.

A special order has been received at the electric light works for two 50,000 light Watt dynamos, to go to Detroit.

The employes in the tire department of the Olds wheel works resumed work yesterday morning after a week's rest.

W. H. Fisher, general ticket agent of the Fort Wayne, Cincinnati and Louisville road, left the city yesterday.

Geo. Lown and Noah Baker, of the electric light works, returned to work yesterday, after a few days honeymoon.

The Bass boiler shop shipped a large class "D" locomotive boiler to the Wabash railway at Springfield, Ill., to-day.

The Muncie road took twenty-five delegates to the state encampment G. A. R. encampment at Indianapolis yesterday morning.

Geo. Telley, night foreman of the Pittsburg round house, is off on account of sickness and John Fisher is officiating during his absence.

Yesterday five persons left over the Nickel Plate for Denver, Col., three for Kansas City, one for St. Joseph, Mo., and two for St. Paul, Minn.

By a unanimous vote of the management of the R. R. Y. M. C. A., C. H. Newton has consented to continue his present position as manager.

Frank Fonier, of the Bass moulding room, went to Wallen this morning on business of a personal character. It is thought Frank contemplates matrimony.

The Wabash people expect, through the lengthening of divisions, to bring about a saving of from 3 to 5 per cent. in operating expenses between St. Louis and Toledo.

Herbert Kemp, of the electric light works, received an injury in the eye this morning by a piece of flying brass. The services of an oculist were needed to extract the painful visitor.

By reason of changes and improvements, thirty-two employes were laid off at the electric light works yesterday and the eight hour system was adopted. The employes will soon return, however.

A new time card went into effect on the Pittsburg, Fort Wayne and Chicago road Sunday. A few changes of importance are noticed. Among these No. 2, the limited, leaves fifteen minutes later than usual.

The Baltimore and Ohio will soon be in the market for six thousand new freight cars, twenty-five passenger coaches and thirty locomotives, to be distributed on the eastern and western lines, the business of the company all over its system being far in excess of the equipment.

R. B. Starbuck, of the Muncie, has been appointed superintendent of the Peoria, Decatur & Evansville railroad and the Evansville belt line, to take effect on and from to-day. H. H. Crosby, the present chief trainmaster, is appointed master of transportation on the "Muncie Route," and George Wilson, train dispatcher.

With the doing away with party rates it is said that the mileage book is to be used on many roads with more freedom, although under association agreements they cannot be on all roads. Conductors are instructed to guard against the use of mileage books by any other persons than those whose signatures are attached, but this vigilance on some roads has become a dead letter.

A great many employes of the shops and railroads have been availing themselves of the opportunity given for learning practical drawing at the R. R. Y. M. C. A. class which closed March 1st. Many, however, are continuing in an advanced class under Mr. Sessions, of the electric light works. Mr. Fred Hunting, who formerly taught, is too much pressed for want of time to continue.

The many friends of Al. Baldwin, the former Wabash conductor, will be pained to learn of a serious mishap in which he was concerned, that occurred about 4 o'clock Saturday afternoon, at Toledo. Mr. Baldwin was speeding one of his horses in East Toledo, and ran into a carriage containing Mr. and Mrs. S. S. Anson, fatally injuring the latter. The couple did not see the horses in time to avoid the accident. Mr. Baldwin was somewhat cut about the head, but not dangerously.

The attempt of railroad officials to prevent the press from obtaining the details of accidents on the roads is not only reprehensible but is one of the most stupid performances imaginable, says the Indianapolis Journal. When an accident occurs at some remote station, and when the few passengers are not of a class likely to communicate with newspapers, particulars of the affair may possibly be concealed from the public, but even then it is doubtful. Far less prejudice is excited in the public mind by a frank and truthful account of such an accident from the trainmen than an attempt by them or their superiors to hide the facts. Invariably, such effort at concealment is construed to mean that the worst is not to be told, and a calamity, in consequence, grows in magnitude by the force of rumor. It is strange that railroad companies do not realize this, and also that the people resent the assumed rights of the roads to hide what the public has a right to know.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

Why continue the use of irritating powders, snuffs or liquids. Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had for 50c. It is easily applied into the nostrils, is safe and pleasant, and is curing the most obstinate cases. It gives relief at once.

The proprietors of Ely's Cream Balm do not claim it to be a cure all, but a sure remedy for catarrh, colds in the head and hay fever. It is not a liquid or a snuff, but is easily applied into the nostrils. It gives relief at once.

MRS. JONES has some military lodgers whom she laughingly refers to as roomers of war.

Great Plundering This Week

—AT THE—

Chattel Mortgage Boot and Shoe Sale

FOURTH WEEK of one of the GREATEST SACRIFICING sale of FOOTWEAR in the history of Fort Wayne, during which time we've sold more shoes than any two and perhaps three dealers in the city. The reason assigned for our phenomenal large trade is for the following three reasons: FIRST—We are selling you good, honest, custom-made goods for just 33c. on the DOLLAR. SECOND—We have the largest and best assorted stock of Boots and Shoes in the State of Indiana. THIRD—We make no misrepresentations; all goods warranted as represented.

Taking the above three reasons into consideration it presents a combination of inducements THAT NOBODY CAN AFFORD TO MISS. We have not the time to explain the why's and wherefore's, but we intend to make THIS WEEK an event that will long be remembered to all those paying a visit to this MAMMOTH SLAUGHTERING sale of FOOTWEAR. For 15c., 31c., 5c., 68c., 97c., $1.15, $1.38, 13c., $1.85 and $2.10 you can have your choice or PLUNDER, any pair of Shoes you choose of any of

GUTTED BY FIRE!

A Big Cincinnati Clothing House is Destroyed--Telegrams From Other Points.

CINCINNATI, Ohio, March 11.—The five story building on the southeast corner of Third and Vine streets, owned and occupied by Stern, Mayer & Co., one of the largest and wealthiest clothing manufacturing firms in this city, was completely gutted by fire early this morning. The loss is estimated at $15,000; insurance, $250,000.

Fireman White, of the 9's, was thrown from a ladder by a falling cornice during the progress of the fire and badly injured. Engine No. 6, while en route to the fire collided with a freight car at Sixth and Baymiller street. The driver, James Sheppard, was thrown from his seat and sustained a fracture of the skull and several bad bruises.

WASHINGTON, March 11.—The president sent to the senate to-day the following nominations: Lieut. Col. Wm. Smith, deputy paymaster general, to be paymaster-general, with the rank of brigadier general; Jos. A. Wood, of New Hampshire, to be consul of the United States at Sherbrooke.

GRAND RAPIDS POSTMASTER.

The president has nominated Geo. G. Briggs as postmaster at Grand Rapids, Mich.

In the senate to day the credentials of Mr. Allison for his new term were presented and placed.

Mr. Hoar called up the resolution for the exclusion from the Records of the sentences interpolated by Mr. Call in the report of his remarks in the discussion with Chandler a few weeks ago.

During the course of debate Senator Edmunds used words which Senator Daniel, of Virginia, construed to impute the crime of murder to Senator Eutis, of Louisiana.

Senator Daniel demanded that the words of Senator Edmunds be taken down. The proceedings were then suspended to allow the stenographer to write out the objectionable words.

OTHER TELEGRAMS.

HASTINGS, Neb., March 11.—At an early hour yesterday morning, ten miles east of here, on the Burlington and Missouri, two freight trains collided, killing and cremating Grant Norton, conductor, and Miller, brakeman. Several cars were also burned. Intense darkness and a fog are the causes assigned.

MARSHALLTOWN, Iowa, March 11.—The employes in the machine shops of the Iowa Central road struck Sunday, because the officials refused to longer allow price and a half for extra work nights and Sundays. A few apprentices went to work yesterday, but the great majority refused to work and were paid off.

DENVER, Col., March 11.—Charles H. Rae, a notorious pension forger, was arrested here yesterday by a deputy marshal, at the instance of Special Pension Examiner Anderson, of Chicago. Rae has been going from place to place for ten years forging names of witnesses to a claim for a big pension. His last forgery was in Milwaukee six months ago, and since that time has been eluding a score of officers.

CHICAGO, March 11.—John T. Lester, the well-known millionaire board of trade man, is lying at the point of death.

LONDON, March 11.—The grand international hurdle race at Croydon to-day was won by Waterproof. There were nine starters.

PARIS, March 11.—The cabinet has selected the following named gentlemen to represent France at the Berlin labor conference:

Senators Jules, Simon and Talair, Deputy Burdeau, Inspector of Mines Linderan and M. Dupage, a mechanic.

LONDON, March 11.—The jury in the case of Miss Vincent returned a verdict of not guilty.

CHICAGO, March 11.—The police arrested Joseph Chevaikowksi last night. June 28th, 1887, he shot and killed his father in the woods near Stevens, Minn.

BOSTON, March 11.—Frank H. Tompkins, an artist of high repute, attempted suicide in the streets last night by shooting himself.

BERLIN, March 11.—Prof. Geldemeister, the orientalist, is dead.

MANSFIELD, O., March 11.—Philip Seller, of Loudenville, who was arrested at that place last Saturday, as an accomplice of George M. Deviney, the burglar who was shot and killed by farmer Justin F. Frengle near Crestline, February 16, has made a full and complete confession.

BLOOMINGTON, Ill., March 11.—A mail pouch, which a few nights ago was stolen while being transferred from the Big Four to the Chicago and Alton, was found yesterday in a field near this city.

BERLIN, March 11.—It is semi-officially announced that the new reichstag will be convened on April 15.

CONSTANTINOPLE, March 11. A terrific encounter between Turkish troops and a band of brigands has taken place. The latter were defeated.

AUBURN, N. Y., March 11.—The children of the Cayuga orphan asylum are suffering from an epidemic of measles and whooping cough.

EAU CLAIRE, Wis., March 11.—Will Deedley, a young man of eighteen, son of the pastor of the First Congregational church, was outrageously hazed by ten young ruffians yesterday, at the Washington high school.

NEW YORK, March 11.—The Western Union executive committee met to-day and recommended the usual quarterly dividend of 1¼ per cent., to be declared by the directors to-morrow.

A BOLD ROBBERY.

A Tray of Diamonds Stolen From a Store Window.

DALLAS, Texas, March 11.—One of the boldest robberies that ever occurred in this state took place last night at 9:30 o'clock, at 68 Main street, in the very heart of the city.

Doman & Samuels are jewelers, and keep a magnificent display of costly goods behind the plate glass of their large show window. Within and without are electric lights, and the neighborhood is kept almost as light as day.

While Mr. Doman was waiting on a customer he heard a crash at the window and turned his eyes barely in time to see a tray of valuable diamond rings disappear. He ran out in an instant, but the thief had disappeared up the stairway at the side of the store.

The break was made with a rock weighing twenty pounds, wrapped in paper. The tray contained forty-two diamond rings valued at about $5,000. The man was a slender white man about five feet eight inches high, without whiskers, and wore a black suit and light colored hat. After he ran up the stairs in front he was seen to descend to the street in the rear and go out through the alley. The sheriff and other officials with trained blood hounds, are now on his trail.

THE DEAD MINERS.

It is Believed That None of the Entombed Men Are Alive.

LONDON, March 11.—The latest news from the Morsa mine disaster is that four of the entombed men succeeded in in crawling through a crevice between the roof of the mine and the debris. They report that they passed over heaps of dead miners and expressed the belief that none of the entombed men are alive.

The Weather.

WASHINGTON, March 11.—For Indiana—Rain, warmer weather to-day, followed by clearing weather, northeasterly winds, and much colder on Wednesday.

AT the breakfast to Amelia B. Edwards, in Boston, Lucy Stone told how, in the days when women first began to speak in public, one bitter night in a new England town the windows were opened from the outside and a stream of ice-cold water was turned upon her, but this did not daunt her nor stop her speech. Once a pistol was fired at Anna Dickinson on the stage and the ball cut off a lock of her hair, but she did not flinch a hair's-breadth. There were heroes in those days and there were women.

THE Khedive is much in love with his wife, who wears a modern costume, while their children dress like Americans. The Khedivch, as she is called, has her harem, or women servants by scores. She is accompanied whenever she goes out to ride or drive by some of her numerous eunuchs, and she keeps up a big establishment separate from that of the King. Their love for each other and the example of the Khedive in having but one wife is catching, and many of the older noble Arab gentlemen are following it.

MRS. KATE CHASE, presiding over her little family of young girls at Edgehill, near Washington, may not appear so brilliant, but she is certainly more interesting than when she was the gayest and most fascinating leader of Washington society. She was ambitious of presiding over the White House, not that she ever expected her husband to be President of the United States, but she thought it possible that her father's political career might fitly terminate by being elected to the highest position in the gift of the American people.

THERE is said to be a large band of wild horses, led by a thoroughbred known to the stockmen as the "Outlaw Stud," ranging between Truckee, Nevada County, and Peavine, Nev., says the Grass Valley *Tidings*. Years ago the stud, a fine racer, escaped to the mountains, and has since defied capture. By desperate riding stockmen manage to get into the band every year and drive out the colts. The horses range on the highest peaks, beyond where cattle or sheep often go. They only go to water once a day, and then in single file down the mountain trail as fast as they can run. They go back at their leisure.

NELLIE AND HATTIE COOK, aged 14 and 16 years respectively, daughters of Lyman Cook, of Smith County, Kansas, husked 1,000 bushels of corn for their father last fall, for which he paid $25, having agreed to pay them 2½ cents a bushel for all they would husk.

WILL BE A FLOOD!

Great Damage, and Possibly Loss of Life, Looked for in the Country Along the Mississippi River.

ST. LOUIS, March 11.—There is going to be a flood, and a very serious one, in the country along the lower Mississippi. There will be great loss of property and probably loss of life. The Ohio and all its tributaries are very high, the upper Mississippi and Missouri are high and rising here and above, and rain has been falling here and in the northwest. The snowfall in the mountains has been very heavy and the mild winter makes it a certainty that this snow will melt early.

The situation about Cairo has been growing more serious daily and may be said to have reached a crisis. The country for miles is under water and hundreds of people whose homes are in the bottom lands have sought refuge in the high lands.

Hundreds of farms in Missouri, Illinois and Kentucky are completely submurged. In many cases families are living in boathouses or rafts, while in other instances people whose houses are on slight elevations stick to them with water all around. There has been great loss of live stock, but no human lives have yet been lost. More than half of the city of Cairo is submurged, and business is paralyzed, the only means of communication being by boats.

The levees in the vicinity will stand the strain, but the water backs up in the rear part of the city, as it were. Great efforts and thousands of dollars have been spent in the levees along the lower Mississippi and the boards of the contractors made the people believe they were safe. There certainly has been good work done, but a chain is only known by its weakest link. The people here were aroused to a knowlege of this fact by the breaking of the levee near the town of Arkansas City, where the embankment was built almost wholly of sand.

When the water once got through there seemed to be no stopping it, and within twenty-four hours there was a crevice sixty feet wide, and rapidly widening. This break lets the water in one of the richest sections in the world, and, according to the news received last night, the whole of four parishes, comprising the Texas basin in Louisiana, will be inundated. Every man capable of handling a shovel has been pressed into service, and an army is at work, but with scant hope of accomplishing much.

DENVER, March 11.—A very heavy snow was in progress last night, and it bids fair to be the worst of the season. Advices from the mountains are to the effect that the storm is general. The Rio Grande has been working all available men on Cumbers mountain for the last three weeks in clearing the line to San Juan, and would have had the road open in a day or two, but this storm will undo all their work. Eighteen inches is Aspen's record for the past twenty-four hours and four feet has allen in South Park.

THEY MEAN BUSINESS.

A Petition From the Business Men to the Council.

If good, hard work will accomplish any good results the council will to-night pass an ordinance compelling the taking out of a license by temporary business concerns whose business is to travel from town to town to sell "bankrupt" stocks. This license will be $25 or more. The meeting at the Business Men's exchange yesterday resulted in the appointment of a committee of five to present the matter properly before the council. The committee is as follows: H. C. Graffe, Dennis Monahan, A. S. Lauferty, Geo. W. Pixley, and H. P. Vordermark. A committee consisting of J. B. Monning, Otto Gross, and Charles Read were securing signatures to-day for a petition to the council to act in the matter.

Brotherhood Base Ballists.

CLEVELAND, March 11.—The brotherhood meeting was called to order at 10 o'clock this morning, all the clubs being represented. The schedule will be considered this afternoon, and Dunlop's case will also be settled to-day. He will be retained at his last year's salary. Among the arrivals to-day are Fred Carroll, John Tener, Ed. Hanlon, George Gore, Nick Engel, Judge Bacon and Colonel McAlpin.

Victor Thraur, manager of the Aamold-Werner concert company, has closed a contract with the City Y. M. C. A. for that attraction at the association hall on Friday evening. Herr August Aamold is a Norwegian violinist of prominence and Oscar Werner is a celebrated American pianist. Both are whiling away a few weeks previous to entering upon an engagement for Knabe, the piano manufacturer.

THERE are 686 periodical publications in Russia. Seventy-eight of them are political and news dailies, 109 are scientific, 86 religious, 15 artistic, 33 agricultural, 82 statistical and bibliographical, 15 pedagogic, 13 for children, and the rest miscellaneous.

TAULBEE IS DEAD!

The Ex-Congressman Expires From the Effects of the Bullet Wound Inflicted by Correspondent Kincaid.

WASHINGTON, March 11.—William Preston Taulbee, a representative in congress from the Tenth Kentucky district in the Forty-ninth and Fiftieth congresses, who was shot in an altercation with Charles E. Kincaid, the Washington correspondent of the Louisville Times, in the house wing of the capitol on the afternoon of February 28th, died this morning, at 5 o'clock, at Providence hospital.

His death has been expected for several days, but while there was still a chance for his life, the physicians thought it advisable not to permit him to make an ante-mortem statement of the circumstances surrounding the shooting. He died, therefore, without making any statement, and the case against Kincaid will rest entirely on the testimony of himself and two eye witnesses of the tragedy.

One of these eye witnesses was Samuel Donaldson, of Tennessee, formerly doorkeeper of the house of representatives, who has refused to make any statement for publication. Donaldson was with Taulbee at the time the shooting occurred. The other witness was a boy who cannot be found.

The stories of the shooting differ in one important particular. Kincaid and Taulbee had had an encounter some time previous to the shooting in the corridor adjoining the hall of the house of representatives on the east.

It was said just after the shooting took place that Kincaid had armed himself, after the first encounter with Taulbee, and, seeing him going down the stairs that lead to the basement, had run after him, called to him, and, as he turned, he shot him in the face. Kincaid claims that he armed himself in fear of danger from a further encounter with Taulbee; that Taulbee had warned him to arm himself, and that Taulbee insulted and attacked him on their second encounter, rendering, in his opinion, resort to the pistol a necessity.

The theory of selfdefense will be set up by Kincaid's lawyers. As soon as the news of Taulbee's death reached police headquarters an officer was sent to Kincaid's room, he was awakened, and after he had dressed, was taken to the police station where he now is.

WILL GO WEST.

A Popular Fort Wayne Firm to Retire from Business and Go to California.

The announcement that Redlick Bros., the well-known and popular shoe dealers of this city, have decided to quit business and move to Anaheim, California, will be a genuine surprise and a regret to their many friends in Fort Wayne.

The young men have conducted the shoe store which bears their name for several years past, and their square dealing and business methods have built up a trade in that line that was second to none in the city. They were favorites not only in business, but in social circles, and they will be missed greatly, for they combined with their business qualifications a pleasant social manner that made them friends among all classes of citizens. THE SENTINEL, while regretting to see the young men leave the city, can, however, join with their friends in wishing them unbounded prosperity in their western home.

The Anaheim (Cal.,) Gazette has the following notice concerning the gentlemen and their new enterprise:

Mr. Henry Redlick, of Centralia, is making arrangements to engage in the commission business. Redlick Bros., now in the shoe business at Fort Wayne, Ind., are expected to join him here shortly, and the business will be conducted on a large scale. They will handle nuts, fruits, and all California products, which they will ship direct to eastern markets.

A LAUNDRY BLAZE.

The Little Chemical Fire Engine Pressed Into Service.

This morning a fire started between the ceiling and the roof of the Summit City laundry at the corner of Superior and Plum streets. The smoke rolled out in dense volumes from the two story building and owing to the heavy atmosphere, it was stifling throughout the neighborhood.

The little chemical engine was found to be sufficient to extinguish the blaze. The loss will amount to about $200. Insured.

The building is owned by Mrs. Wood and the laundry is operated by the firm of Fisher & Hare.

Mr. A. C. Probasco, ex secretary of the gas works, who is now at the City hospital, is worse to day. He is delirious all of the time and recognizes none of his friends or relatives. The best of attendance has been secured for him.

The county commissioners to-day visited the jail and St. Joe hospital. To-morrow they expect to visit the City hospital. At the jail they found that improvements had been made as recommended by the grand jury, in the placing of new locks, etc.

James Black makes the remarkable request of the county commissioners for $10 with which to start into business. He is now being cared for by the county, and says that should the commissioners grant him the request he will try and be independent hereafter.

A SQUIRREL was killed recently on its way from a grain field in San Joaquin County, California, and on examination of its pouches they were found to contain 819 grains of wheat, which go to show how much damage a few of these animals can do.

A $10,000 LEG.

John P. Friedline Sues the Pennsylvania Company--New Suits Filed--Court News.

To-day John P. Friedline, through his attorneys, L. M. and Harry Ninde, entered suit in the circuit court against the Pennsylvania company for $10,000 damages.

The plaintiff alleges in the complaint that early last September he returned by defendant company's cars from Columbus, Ohio, and that owing to the neglect of the company's servants to properly display lights at the station of Monroeville, this county, he jumped and fell under the moving train. The wheels severed his leg and otherwise injured him. Mr. Friedline is a resident of Monroeville.

LOSES HIS HAND.

Fred Dandler's Carelessness May Cost Him His Life.

This afternoon, at the City hospital, Frederick Dandler had his left hand amputated, the operation being performed by Dr. Carl Proegler.

About four months ago the hand in question was injured while he was laying natural gas mains for the Salimonie company. He did not call the services of a physician, and finally gangrene set in.

This morning Mr. Dandler had the member examined for the first time, and the physician advised him to undergo amputation at once. There may be more serious results.

Dandler lives with his wife at 281 East Washington street.

A USEFUL INVENTION.

An Article of Household Utility That Will Spring Into Popular Favor.

Mr. M. J. Page, general agent of the Arcadia Manufacturing company of Newark, N. J., is in the city, securing agents and disposing of territory for an invention of household utility that is really a magnificent machine and a great labor saver. It is called a "Combination Slicer" and is used for many purposes, among which may be enumerated the slicing of bread, potatoes, oranges, tomatoes and radishes for table use, pine apples, cutting cabbage for cold slaw or sauer kraut, slicing dried beef and many other purposes too numerous to mention, and that, too, with less labor, less care and much smaller loss and renders the food far better in quality and much more attractive in appearance.

It is an invention that will spring into popular favor and will sell readily for its value as a labor saver suggests itself to every housewife.

Mr. Page is showing the machine to-day at No. 15, West Main street, but after to-day will have his headquarters at the Rich hotel, where persons desiring to secure territory can see him.

A SENTINEL reporter saw the invention operated this morning. It is simple in construction and any child can work it. The parties securing the control of the "combination slicer" in this vicinity will have a money making business.

CRIMINAL CASES.

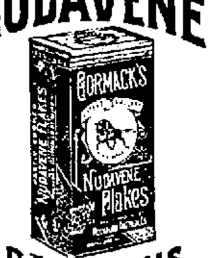

Two More Youthful Burglars--Daily and Barrett To Be Arraigned.

Last night the police effected the arrest of Tommy King and Johnnie McNally, who are supposed to be parties to the burglary at A. Kalbacher's grocery some weeks ago.

It is quite likely that Prosecutor James Robinson will file information against these lads and also against John Daily, Sam Werner and Aaron Barrett, so that they will be sentenced this week. The boys will probably get a jail sentence, while the others stand a fair show of going to the penitentiary.

Colonel Humphrey, proprietor of the Aldine, has been called to Muskegon, Mich., on account of an accident which befell his mother.

THE Chicago Paving company has sent a request to the city engineer asking for the estimated number of yards of pavement to be laid in this city the coming season. They will bid on the work.

DR. MCGLYNN made his appearance at the meeting of the Anti-Poverty society Sunday night for the first time in several weeks, having sufficiently recovered from his recent illness to deliver a short address.

THE seventh annual reunion of the Thirtieth Indiana Veteran association will be held at Albion on Thursday, April 8, 1890. A splendid program has been arranged for the occasion and the reunion is looked forward to with many pleasureable anticipations by the old comrades of the regiment.

DR. HERRICK, the newly appointed postmaster of LaGrange, will not assume the duties of the office until April 1. Mr. J. Frank Snyder, the old postmaster, will probably be retained as an assistant by Dr. Herrick for several months. Mr. Snyder has made an excellent official and is highly regarded by the people of LaGrange.

MR. F. HUMPHREYS, the general secretary of the Young Men's Christian association for Indiana, has resigned that position. Mr. Humphreys was a frequent visitor to this city, and his many friends here will regret his retirement from the office of general secretary. He was an earnest Christian worker, and eminently successful in his labors.

THE attention of ex-Secretary of the Navy William C. Whitney was called to a paragraph in a San Francisco paper saying that he would be the democratic candidate for the presidency in 1892. After reading the article Mr. Whitney said: "I do not know what led to its publication. I am not a candidate for president, and can only repeat what I said in a letter several months ago, that I will not be a candidate under any circumstances."

STATE TREASURER LEMCKE is much interested in the progress of the bill before congress to refund to the states the direct tax received during the war. Three reports have been presented for the bill by the judiciary committee. The majority report recommends its passage; the minority object to the measure on the ground of unconstitutionality. Judge Culbertson, of Texas, submits the third report, in which he objects to the bill because it does not go further and reopen the court of claims to the owners of captured and abandoned property. If the bill is passed, Indiana will get $769,144. The bill has already passed the senate, and is believed to have a fair prospect of passing the house.

WRECKED LIVES!

Rum's Ruin and the Chains With Which it Binds Its Victims—A Personal Experience.

"There are many roads that lead to ruin, but rum's road is the surest."

The speaker was a comparatively young man and the remark was suggested by the article which appeared in THE SENTINEL of last evening, giving an account of the death of old man Peterson, who was struck while in an intoxicated condition by a Nickel Plate freight engine and hurled to instant death, near Edgerton, last Saturday evening.

"There are cases like this," he continued, "occurring almost every day, but this is not the worst ruin wrought by rum. It is the ruined hopes, the ruined lives, the ruined homes, the ruin of all that is dear in this world that I refer to when I say that rum's road is the surest road to ruin and I speak from experience, for I have sipped from the deepest and bitterest dregs of the wine cup."

The last remark were the words which attracted the attention of THE SENTINEL reporter, for gazing into the face of the speaker he saw none of the traces of a dissipated life. Less than forty years, apparently, had passed over his head. A manly form, clear cut features and an intelligent face were his, and our reporter, interested in his past history, urged him into telling it.

"My first glass was taken while I was at college," he said. "I was brought up by Christian parents. I knew the death that lurked in the wine cup, for I had been taught it from earliest infancy. I had seen other lives ruined by it, but when I got out into the world and met its temptations and saw young men using it and continuing their duties, I said to myself, 'It is the abuse and not the use that constitutes the harm,' and so I took my first glass.

"I left college, after graduating, and returned to my home to commence the study of a profession, still taking an occasional glass. I was strong minded. Intoxicating liquor would never hurt me—I knew when to stop—and so I entered my chosen profession, feeling free to drink when I chose to do so. Five years passed thus, and, if I occasionally went home at night with an unsteady step, I was all right again in the morning and at my office duties as usual. The little whisky that I had taken did not hurt me, I argued.

"So it continued. Unconsciously to me, the tempter was drawing me into his web and I soon found myself dropping into drug stores and saloons during the day to take an 'occasional glass.' The habit grew on me and I was frequently seen in public with flushed face and unsteady step—but I knew when to stop, and so I went on, and on, and on until I became a drunkard.

"Friends, seeing my condition, had warned me of my danger, but I heeded them not—I know when to stop—and each year pushed me deeper into the habit. It was only when I had recovered from my first attack of delirium tremens that I awoke to the awful realization that I was a drunkard—and then it was too late. A few weeks and I was at my cups again and the human aid extended to save me was unavailing. I went down deeper into the dregs of misery, my little savings gone, and my life a wreck. If ever 'lost, lost' was written on the brow of a human being it was written on mine. I fought the monster and strived to release myself from its grasp. I knew then that I did not know when I had enough, but it was too late—I was lost—rum was my master, and I was its slave.

"Death stared me in the face a dozen times or more as the result of my debauches, but with each recovery I plunged into it again. Thus another year of my life was wasted. But a deliverer came at last. Gentle influences, love, wooed me from my cups and placed me on my feet again and since then I have not tasted intoxicating liquor in any form. My years of wasted life I could not recover, but I determined to be a man. I was on the verge of complete ruin, but I was saved before it was eternally too late. Yes, there are many roads that lead to ruin, but rum's road is the surest. If my story will do you any good, you are at liberty to publish it."

It is said that a great many Englishmen are visiting this country this season. I asked Jinks what they came for. He said he supposed "to marry soft-pated millionaire women, to talk the fellows out of their money, who want to be fooled, and to lay in a supply of Dr. Bull's Cough Syrup."

A FITTING TESTIMONIAL.

Mr. and Mrs. C. H. Walton Remembered by the Pittsburg Conductors.

Last night witnessed a happy surprise for Mr. and Mrs. Clinton H. Walton, of 131 East Wayne street.

It has been announced that Mr. Walton retired from the position of trainmaster of the Pittsburg, Fort Wayne & Chicago railroad on account of another appointment.

Last night the passenger conductors of the road paid their respects to Mr. Walton and his estimable wife in a substantial way, by presenting them with an elegant silver tea set and water service, bearing this inscription: "Presented to Mr. and Mrs. C. H. Walton by the passenger conductors on the divisions D and E, of P., F. W. & C. railroad. March 10, 1890."

The present was procured at August Brader's store and no handsomer or more valuable of its kind has been sold in Fort Wayne.

Conductor Lyman M. Blakesley made the presentation speech as follows:

We are here to represent the passenger conductors of the divisions D and E, Pittsburg, Fort Wayne and Chicago railway. We have been informed that you are about to leave the position of trainmaster of these divisions, a place which you have filled with much ability for the past eleven years. While regretting sincerely the proposed severance of old-time associations and business intercourse which has always been tempered by kindness and justice on your part, we are greatly pleased to know that the company has acknowledged your past services in appointing you to the position of division superintendent.

You leave with our best wishes, and as a small testimonial of our regards we present to you and your estimable wife this silver tea service, and with it our kind regards for your future prosperity.

Although Mr. and Mrs. Walton were too much surprised to fully take in the situation, the former responded with feeling.

The following persons were present: Rev. D. W. Moffat, D. D., J. W. Clark, Dr. Greenawalt, C. E. Clark, Conductors L. M. Blakesley, T. M. Glenn, Pat Traverse, S. McMahon, Cliff Ellenwood, James Breen.

The donors of the magnificent gift are as follows:

S. McMahon, Thomas M. Glenn, L. M. Blakesley, Chas. E. Ross, C. B. Shefler, Geo. Bonter, Pat Travis, James Finnell, James Breen, John P. Kane, Jos. Rowan, C. A. Ellenwood, James M. Sheehan, John Walsh, T. O'Rourke, John Horning, Harry Tague, O. Irwin, C. Finney, Ed Longhenry, W. S. Studor, F. M. Mank.

Mr. Walton has been appointed superintendent of the Cincinnati and Muskingum Valley railroad, a branch of the southeast Pennsylvania system. His headquarters are at Zanesville, O., for which place he will leave with his family to night. Of the many who have Mr. Walton's acquaintance there is not one but will wish him and his happiness and prosperity.

The Heart of the Alleghanies.

Writing of a recent trip across the mountains of West Virginia a gifted journalist says:

"Twilight on the grade is grand. The mountain summits look like the bushy tops of trees. The sun has disappeared in a ball of fire at his "jumping-off place," but the vivid lighting of the western sky by the still upturned illumining face below the horizon is in marked contrast to the gathering shades behind the rushing train. From shelf to shelf, from crag to crag, from brink to brink we almost fly. Like a flashing transformation, rendering almost past belief the fact that the scene is in the midst of the Alleghanies, comes a bit of landscape gardening, with all the beauties of walks and hedges and bright hued flowers, a mountain brooklet tumbling through the centre—Buckhorn Wall, the most noted and most admired view that can be had from any known point in the Alleghany range. To enable the road to span the tremendous gorges, a massive wall of cut stone was erected for a distance of several hundred feet, and more than a hundred feet above the foundation rock. As the river makes an abrupt turn at right angles, a deep canyon is opened up for miles. Range after range of mountains disappear behind each other. The shadowy outlines of single peaks steal out through the haze."

This beautiful scene is on the Baltimore and Ohio railroad, near Grafton, W. Va. The entire line from the Potomac to the Ohio is a majestic panorama of the grandest views on the continent and all endowed with historic interest.

A DANIEL has come to judgment in Montreal, where a man has been condemned to pay the sum of $1 as damages for having called upon a person in a factory with a view of collecting a debt. The court held that the domicile of the debtor is the proper place at which to demand money that is owing. It further declared that to ask on the street for money that is due constitutes an assault.

DECAPITATED.

A Boy's Head Cut Off by the Wheels of a Wabash Freight Train at Huntington.

A frightful accident happened at Huntington yesterday afternoon.

About 1 o'clock several boys, ranging from ten to twelve years in age, were jumping on trains near the crossing of the Chicago and Atlantic and Wabash roads, at that city. Among them was Albert Staltder, ten-year-old son of Fred Staltder, of Huntington.

When Wabash freight No. 96 pulled by young Staltder attempted to board a car, but the train was going too fast and he missed his hold, his toe struck a tie and he fell under the wheels, with his neck lying on the track. About ten or twelve cars passed over him, completely severing the head from the body.

When the remains were taken away they were picked up in two parts. The head laid inside the track, the body outside. The boys who were with him all scattered at once, but the body was found by some men who notified the authorities and Coroner Wright took the matter in charge and held an inquest.

The body was taken to the home of the parents, who are good, German working people, and for whom much sympathy is felt.

Dr. K. K. Wheelock attended Dr. Franklin Greenwell, of Huntertown, who was injured by the discharge of a pistol the other night. The doctor's face was filled with powder and one eye is very badly injured, the powder particles penetrating deeply into the eyeball and causing inflammation. The doctor is a brother-in-law of Cass Hunter, deputy county treasurer.

A NEW NAME.

The Clifton House One of Our Popular Hotels.

Dr. Brown, who recently took possession of the Ervin house, at the corner of Harrison and Pearl streets, has changed the name of that hostelry to the "Clifton House." He has newly refitted and refurnished it and made many decided improvements, so that it is now the best $1.00 a day hotel in the city. Dr. Brown is a pleasant landlord, and will prove popular with the traveling fraternity.

A common remark. If you take Tutt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now.

Rev. R. Burts, Manata, Fla., says: "Tutt's Pills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have lost their dread. Prest. J. H. Bass went to St. Louis last night over the Wabash.

The Nickel Plate ticket office has undergone a series of improvements.

Nickel Plate engines 3, 9 and 159 have been sent to the shops for repairs.

Ellsworth Fox, machinist at the Olds wheel works, is off duty on account of sickness.

Manager McDonald, of the electric light works, went to New York this morning.

Incandescent lights will be placed in the Pittsburg freight office and warehouse soon.

Ed. Lindemann, clerk in the Pittsburg freight office, is again on duty after a day's illness.

Louis Zauner, machinist at the Bass work, resumed work this morning after a day's illness.

W. S. Brown, traveling passenger agent of the Lake shore road, was in the city yesterday.

Owing to a war on rates to Denver, the price is $7 less to-day than yesterday to that point.

Henry Smith, who recently sustained injuries of the hand, has resumed his run on the Muncie.

Assistant Surveyor John W. Sanborn, of the Nickel Plate, went to Stony Island Sunday night.

Two new Corliss engines are being constructed at the Bass machine shops for use in Defiance, O.

Charles Druhot, a moulder in Bass' foundry, was elected president of the Fat Men's club last night.

A. S. Work, superintendent of motive power of the Nickel Plate, has gone to Bellevue on a tour of inspection.

Four men have been transferred from the Pittsburg lumber yard to the round house, on account of extra work.

Ed. Luke, clerk in Bass' machine shop, has resigned and Boyd Snyder, shipping clerk, will succeed him.

A special order has been received at the electric light works for two 50,000 light Watt dynamos, to go to Detroit.

The employes in the tire department of the Olds wheel works resumed work yesterday morning after a week's rest.

W. H. Fisher, general ticket agent of the Fort Wayne, Cincinnati and Louisville road, left the city yesterday.

Geo. Lown and Noah Baker, of the electric light works, returned to work yesterday, after a few days honeymoon.

The Bass boiler shop shipped a large class "D" locomotive boiler to the Wabash railway at Springfield, Ill., to-day.

The Muncie road took twenty-five delegates to the state encampment G. A. R. encampment at Indianapolis yesterday morning.

Yesterday five persons left over the Nickel Plate for Denver, Col., three for Kansas City, one for St. Joseph, Mo., and two for St. Paul, Minn.

By a unanimous vote of the management of the R. R. Y. M. C. A., C. H. Newton has consented to continue his present position as manager.

Frank Fonier, of the Bass moulding room, went to Wallen this morning on business of a personal character. It is thought Frank contemplates matrimony.

The Wabash people expect, through the lengthening of divisions, to bring about a saving of from 3 to 5 per cent. in operating expenses between St. Louis and Toledo.

Herbert Kemp, of the electric light works, received an injury in the eye this morning by a piece of flying brass. The services of an oculist were needed to extract the painful visitor.

By reason of changes and improvements, thirty-two employes were laid off at the electric light works yesterday and the eight hour system was adopted. The employes will soon return, however.

A new time card went into effect on the Pittsburg, Fort Wayne and Chicago road Sunday. A few changes of importance are noticed. Among these No. 2, the limited, leaves fifteen minutes later than usual.

The Baltimore and Ohio will soon be in the market for six thousand new freight cars, twenty-five passenger coaches and thirty locomotives, to be distributed on the eastern and western lines, the business of the company all over its system being far in excess of the equipment.

R. B. Starbuck, of the Muncie, has been appointed superintendent of the Peoria, Decatur & Evansville railroad and the Evansville belt line, to take effect on and from to-day. H. H. Crosby, the present chief trainmaster, is appointed master of transportation on the "Muncie Route," and George Wilson, train dispatcher.

With the doing away with party rates it is said that the mileage book is to be used on many roads with more freedom, although under association agreements they cannot be on all roads. Conductors are instructed to guard against the use of mileage books by any other persons than those whose signatures are attached, but this vigilance on some roads has become a dead letter.

A great many employes of the shops and railroads have been availing themselves of the opportunity given for learning practical drawing at the R. R. Y. M. C. A. class which closed March 1st. Many, however, are continuing in an advanced class under Mr. Sessions, of the electric light works. Mr. Fred Hunting, who formerly taught, is too much pressed for want of time to continue.

The many friends of Al. Baldwin, the former Wabash conductor, will be pained to learn of a serious mishap in which he was concerned, that occurred about 4 o'clock Saturday afternoon, at Toledo. Mr. Baldwin was speeding one of his horses in East Toledo, and ran into a carriage containing Mr. and Mrs. S. S. Anson, fatally injuring the latter. The couple did not see the horses in time to avoid the accident. Mr. Baldwin was somewhat cut about the head, but not dangerously.

The attempt of railroad officials to prevent the press from obtaining the details of accidents on the roads is not only reprehensible but is one of the most stupid performances imaginable, says the Indianapolis Journal. When an accident occurs at some remote station, and when the few passengers are not of a class likely to communicate with newspapers, particulars of the affair may possibly be concealed from the public, but even then it is doubtful. Far less prejudice is excited in the public mind by a frank and truthful account of such an accident from the trainmen than an attempt by them or their superiors to hide the facts. Invariably, such effort at concealment is construed to mean that the worst is not to be told, and a calamity, in consequence, grows in magnitude by the force of rumor. It is strange that railroad companies do not realize this, and also that the people resent the assumed rights of the roads to hide what the public has a right to know.

As it Certainly will be the Most Desirable by Reason of Its Nearness to the Heart of the City.

And the Possession of all Special Privileges, Such as Natural Gas, Water Works, Electric Light, and Fire and Police Protection,

And Quick and Ready Access to Market, Stores, Opera House, Post Office, Churches, &c.

Shade Trees, Gravelled Streets, Street Car Lines, Pleasure Lake, Park and Driving Boulevards.

Lots Will be Ready for Sale About March 15. Temporarily the Prices of Lots Have Been Fixed at About Half Their Actual Value.

Making Them on an Average About Five Hundred Dollars. Within a Year these Lots Will Assuredly be Worth One Thousand Dollars.

And Within Another Year Fifteen Hundred Dollars. Thus Offering Magnificent Returns to Persons Desiring to Employ a Little Capital—Terms of Sale Very Easy, and made to Suit Purchaser—But Little Cash Required. Payments May be Made in Monthly Installments of $10.00 or More. If Desired—Where Cash is Paid for Lots Money Can be Had With Which to Erect Houses. A $1,000 House on one of these Lots Would Readily Rent for $15 per month, Paying Sixteen per cent. on the Investment, Besides the Rapid Rise in the value of the Lot.

Fort Wayne is experiencing a perfectly healthy boom, and property is bound to advance rapidly. Its manufacturing interests are especially prosperous, and new industrial enterprises are constantly springing up. Although about one thousand houses were erected last year, scarcely a vacant one can be found in the entire city.

For further information as to terms and conditions upon which these most desirable lots will be sold, apply at the office of the company, or to any real estate dealer in Fort Wayne.

Great Plundering This Week

—AT THE—

Chattel Mortgage Boot and Shoe Sale

FOURTH WEEK of one of the GREATEST SACRIFICING sale of FOOTWEAR in the history of Fort Wayne, during which time we've sold more shoes than any two and perhaps three dealers in the city. The reason assigned for our phenomenal large trade is for the following three reasons: FIRST—We are selling you good, honest, custom-made goods for just 33c. on the DOLLAR. SECOND—We have the largest and best assorted stock of Boots and Shoes in the State of Indiana. THIRD—We make no misrepresentations; all goods warranted as represented.

Taking the above three reasons into consideration it presents a combination of inducements THAT NOBODY CAN AFFORD TO MISS. We have not the time to explain the why's and wherefore's, but we intend to make THIS WEEK an event that will long be remembered to all those paying a visit to this MAMMOTH SLAUGHTERING sale of FOOTWEAR. For 15c., 31c., 5c., 68c., 97c., $1.15, $1.38, 13c., $1.85 and $2.10 you can have your choice or PLUNDER, any pair of Shoes you choose of any of

THE FOLLOWING TEN LOTS:
